The following is said Special Committee Report:

The City Council's Special Committee on Taxicabs was created by a Resolution passed by the City Council of the City of Chicago on November 22, 1977 (C.J.P. pp. 6358-6359) (Appendix "A" for the full text of the Resolution).

The Special Committee on Taxicabs held its first meeting on December 8, 1977 and held numerous meetings, with the last meeting being held on March 22, 1978. All transcripts, correspondence, reports or other materials received by the Committee at these meetings are incorporated by reference and made a part of this report.

At a meeting of the Special Committee on Taxicabs held on December 8, 1977 it was determined that five (5) auditing firms would be invited to appear before the Special Committee for the purpose of submitting proposals pursuant to the terms of the Resolution of November 22, 1977, (verbatim

transcript of December 8, 1977, page 22).[1] The Special Committee met on December 12, 1977 and heard proposals from the public accounting firms invited to appear before the Subcommittee pursuant to the November 22, 1977 Resolution. The five (5) firms made their presentations (verbatim transcript December 12, 1977, pages 1-108) pursuant to the requirements set forth in the November 22, 1977 Resolution, to-wit:

"To conduct an audit of the Financial Records of Checker Taxi Company and Yellow Cab Company. Said audit shall be conducted for the purpose of determining whether the financial data submitted by Checker Taxi Company and Yellow Cab Company in connection with the July 13, 1977 Fare Adjustment was accurate and did justify, in accordance with the criteria set forth in Section 28-30(b) of the Municipal Code, the fare increase of July 13, 1977. Said audit shall include an examination of all relevant financial data."

In addition to the five (5) invited firms, the firm of Alexander Grant and Company made a presentation before the Committee.

The Committee after due deliberation selected the firm of Arthur Young and Company as auditor for the Committee; Arthur Young and Company having received a majority of the votes cast in selection of the auditor. (See Addendum Attached).

At a meeting of the Special Subcommittee on Scope of the Audit held on December 16, 1977, the firm of Arthur Young and Company presented the following proposed audit plan which was unanimously accepted by the Special Subcommittee.[2]

Phase II Implementation of Recommendations (Appendix "C" for the full text of the audit proposal) (for the full text of the debate and discussion of the audit proposal see the verbatim record of December 16, 1977)

The Special Committee next met on December 19, 1977 at which time the Chairman of the Committee detailed the results of the meeting of Subcommittee on Scope of the Audit concerning the initial Phases of audit plan. (See verbatim transcript December 19, 1977).

The Chairman of the Special Committee on Taxicabs then appointed a Subcommittee for the Selection of Special Counsel.[3]

Pursuant to the directions of the Chairman at a meeting held on December 21, 1977, (see verbatim transcript of December 21, 1977), letters were sent to the numerous Bar Associations and Lawyer's Groups inviting them to submit the names of qualified attorneys interested in serving as Special Counsel and to submit resumes to the Special Committee.[4] An Advertisement was placed in the *Daily Law Bulletin* inviting interested qualified attorneys to submit resumes to the Special Committee.[5] The members of the Special Committee were also requested to submit the names of persons interested in serving as Special Counsel to the Subcommittee.

The Subcommittee on Selection of Special Counsel met on December 27, 1977. Alderman Frost outlined the procedures to be used by the Subcommittee for interviewing and selecting Special Counsel. He appointed Alderman Stone to preside over these interviews. He also announced that the interviews of applicants for the Special Counsel would be held in Executive Sessions. (See Verbatim transcript of December 27, 1977).

Accordingly, the interview of applicants for the position of Special Counsel were held in Executive Session on January 4, 5 and 6, 1978. The staff of the Special Committee contacted numerous Bar Associations and Lawyer's Groups prior to the hearings, requesting that they forward names of prospective interviewees for the position of Special Counsel (for a full list see Appendix "F"). The Committee staff also invited numerous other lawyers to appear, whose names had been supplied by various Aldermen. Some interviewees responded as a result of an advertisement placed in the *Daily Law Bulletin.* A total of twenty-one (21) applicants appeared before the Subcommittee. In addition, a number of individuals indicated they would not be available for the position of Special Counsel. (for a list of attorneys interviewed see Appendix "G").

At the meeting of the Special Committee on Taxicabs, held on January 11, 1978, the Subcommittee submitted nine (9) persons for consideration as Special Counsel to the full Committee. The Committee then selected Jewel Lafontant as Special Counsel to the Committee, Mrs. Lafontant having received a majority of the votes cast (see Appendix "H" for the vote). (For the full text of the discussion see the verbatim transcript of January 11, 1978).

The Special Committee next met on January 18, 1978, at which time Arthur Young and Company presented an interim report concerning their investigation of the fare increase of July 13, 1977. (See Appendix "L").

The report of the auditors was adopted by the Committee, by a Viva Voce Vote. (For full transcript see verbatim transcript of January 18, 1978).

At the meeting of the Special Committee held on March 15, 1978, both the Auditor and Special Counsel reported on results of their investigations. (See verbatim transcript of March 15, 1978). (The full report of the Auditor together with the slide presentation is included as Appendix "I"). (Appendix "J" for report of Special Counsel).

The Special Committee then met on March 22, 1978 with Arthur Young and Company and Mrs. Lafontant. The Auditor and Special Counsel responded to questions put by the members of the Committee concerning their reports. After much interrogation and debate by the Aldermen, Alderman Roti presented a Motion requesting the Corporation Counsel to draft appropriate Amendments to Chapter 28 of the Municipal Code of Chicago relating to the regulation of taxicabs; and since the Special Committee was satisfied that the fare increase of July 13, 1977 was justifiable that the Special Committee be discharged.

[1] For text of telegrams sent see Appendix "B".

[2] The members of the Subcommittee on Scope of the Audit were Aldermen Frost (Chairman), Roti, Stewart, Gabinski, Oberman and Stone.

[3] The members of the Subcommittee on Selection of the Special Counsel were Aldermen Frost (Chairman), Kenner, Lathrop, Barden, Stemberk and Stone.

[4-5] See Appendix "D" and "E".

Alderman Roti's motion was *Concurred In* by ten (10) members of the Committee with three (3) dissenting votes. (See Verbatim Transcript of March 22, 1978).

On April 11, 1978, the Special Committee on Taxicabs received reports of the Auditor, Arthur Young and Company and Special Counsel, Mrs. Jewel Lafontant (See Appendix "J" and "K").

The Special Committee having received the reports begs leave to make the following findings and recommendations:

Finding and Recommendations

1. That the Corporation Counsel be instructed to review the reports of the Auditor and Special Counsel and propose for City Council consideration an Amendment or Amendments to Chapter 28 of the Municipal Code of Chicago concerning the regulation of Taxicabs.
2. That the Cab companies had incurred losses of in excess of $2.2 Million Dollars for the period under question; and, that the operating expenses exceeded the 86% Code limitation by $8.5 Million Dollars. Therefore, the Special Committee on Taxicabs finds that a rate increase on July 13, 1977 was justifiable.
3. On the acceptance of this final report the Special Committee on Taxicabs be discharged.

The Easement obtained by Grantee pursuant to this Easement Agreement is also subject to the following agreements:

a) April 12, 1972 with Amalgamated Trust & Savings Bank, as Trustee covering utilities for McCormick Inn near 24th Street,

b) March 12, 1924 with South Park Commissioners covering sewer line near 23rd Street,

c) May 20, 1932 with Peoples Gas, Light and Coke Company covering a gas main near 23rd Street,

d) August 10, 1959 with Illinois Bell Telephone Company covering telephone cable near 22nd Street,

e) August 15, 1960 with Metropolitan Fair and Exposition Authority covering water supply pipeline near 24th Street,

f) June 22, 1965 with Chicago Park District covering a water supply pipeline near 35th Street.

Grantee shall ascertain the location of the installations made pursuant to items (a) through (d) above and shall obtain the written acknowledgment of MFEA and MSD that the Water Line will not constitute an interference with the exercise of rights obtained pursuant to the above-described easements dated December 10, 1976 (in favor of MFEA) and January 18, 1971 (in favor of MSD). Grantee shall furnish Grantor with copies of the aforesaid acknowledgments of MFEA and MSD.

It is understood that Grantee proposes to acquire the 24 inch water pipeline covered by item (d) above and that Grantee proposes to acquire all facilities which are covered by items (e) and (f) above. It is agreed that such facilities will be included in the water line and upon acquisition by Grantee of the facilities covered by each of the agreements, the 24 inch water pipeline will be eliminated from the agreement described in item (d) above and the agreements described in items (e) and (f) above will be cancelled and superceded by this Easement Agreement. Grantee agrees to furnish Grantor with evidence of each of the three acquisitions as soon as it has been consummated.

It is understood that the foregoing list of agreements covering rights of various parties in the Easement Area may not be an exclusive list and Grantee accepts the easement herein granted subject to all outstanding rights in the Easement Areas, whether or not recorded. Grantee shall be responsible for ascertaining whether any other party has an interest in the Easement Areas. Grantee hereby agrees that Grantor shall have no liability because of the failure or insufficiency of Grantor's title to make the grant covered by this Easement Agreement.

3.(a) Grantor reserves to itself, its licensees, successors and assigns the property covered by this Easement Agreement for any purpose whatsoever, including but not limited to, the right to construct, reconstruct, maintain and operate permanent structures, facilities, buildings, pipes, conduits, wires, cables, poles, columns, caissons, walls, and foundations, provided that Grantor first obtains the written consent of Grantee. Grantor shall submit to Grantee such plans, specifications and other information in connection with any request for consent hereunder as Grantee may reasonably require, and Grantee shall grant or deny consent in writing within 30 days after receipt of the last of said requested information, failure to deny consent within such period being deemed to constitute consent. Grantee shall grant the consent required hereunder so long as, in the reasonable opinion of the authorized representative of Grantee, the said construction, reconstruction, maintenance or operation will not endanger or interfere with the Water Line or substantially change the procedures required by Grantee to maintain and operate the Water Line.

(b) Notwithstanding any provisions to the contrary contained in Paragraph 3.(a), Grantor reserves the absolute right to construct, reconstruct, use, inspect, operate and maintain without permission or consent of the Grantee railroad tracks at and above ground level within the boundaries of the Easement Areas, and Grantee shall construct and maintain the Water Line to permit such use by Grantor at any time or from time to time.

4. During periods of construction, maintenance or reconstruction of the Water Line, Grantor shall allow Grantee ingress and egress to the Easement Areas over Grantor's property by a route to be specified by Grantor in writing within 15 calendar days after written request for such access by Grantee, provided only that such access shall not unreasonably interfere with Grantor's use of its property and shall create no expense or unusual risk for Grantor.

5. The Grantor does not warrant the title to the real estate described as the Easement Areas and the Grantor does not undertake to defend the Grantee in the peaceable enjoyment thereof, but the grant of easement to Grantee shall be subject to the continuing lien of all lawful outstanding, existing liens and superior rights if any, in and to said Easement Areas.

6. Grantee shall perform or provide for the performance of all the necessary work, furnish all material and labor necessary for the construction, maintenance or reconstruction of the Water Line in and upon said Easement Areas and make or cause to be made any changes or alterations in the location or construction of any property or facilities of said Grantor that may be made necessary by the easement herein granted or by the location, construction and use of the Water Line thereon, and Grantee hereby agrees to assume any and all expense which may be incurred by the Grantor incident to, or as a result of, the exercise of the within grant. Grantee shall obtain Grantor's MFEA's and MSD's written approval of all plans and specifications prior to commencement of any construction, maintenance or reconstruction, unless prevented from doing so because of emergency. Unless Grantor denies said approval in writing within 30 days after submission of the Grantee's plans and specifications, approval shall be deemed given and Grantor shall forfeit its right to approve the plans and specifications. Grantor shall not deny

approval except if the proposed plan or specification would in Grantor's reasonable opinion, endanger or interfere with any present or proposed use, which shall be stated in the written denial required hereunder. In the event of emergency, plans and specifications will be furnished to Grantor as soon as possible and no work will be commenced until notice is given to Grantor's authorized representative.

7. Neither the Grantor nor its property shall be subjected to any charge, assessment, or expense arising from, growing out of, or in any way attributable to, the construction, maintenance, use or operation of water line, whether within or without the confines of Grantor's property, nor for any crossings or crossing protection for ingress and egress. If the Grantor or its property is legally subjected to any such charge, assessment or expense, the Grantee shall pay Grantor, as additional compensation for the rights granted in this Indenture, an amount of money equal to any such charge, assessment or expense paid by the Grantor.

8. Grantee shall perform any reconstruction or maintenance of the Water Line in such manner as will not unreasonably interfere with Grantor's facilities or any facilities on Grantor's property. In the event reconstruction or repair of the Water Line is required, the Grantor shall have the right, at the Grantee's cost, to provide all necessary labor and materials to insure the continued safe use and operation of Grantor's tracks which cross the Structure and MFEA and MSD each shall have the right, at the Grantee's cost, to provide all necessary labor and materials to insure the continued safe use and operation of their respective facilities on the Easement Areas. The Grantee or Grantee's contractor (or contractors), in the event the work to be performed by the Grantee is to be let by contract, shall confer with Grantor's authorized representative before entering upon the tracks and waylands of the Grantor for performance of any construction or maintenance work, or work preparatory thereto, to confer with the Grantor relative to its requirements for clearances, operation and general safety regulations, to which Grantee must conform. The Grantor shall have the right, but not the obligation, to furnish Grantee or Grantee's contractor (or contractors) protective services and devices such as, but not limited to, switchtenders, flagmen, watchmen or others, as Grantor may deem desirable to promote safety and continuity of railroad traffic during progress of the work, for which Grantee or Grantee's contractor (or contractors) shall be required to reimburse the Grantor promptly upon receipt of bills, the Grantee to withhold final payment to its contractor (or contractors) until Grantor has notified Grantee that all such bills have been settled. For any work which is performed by Grantor for Grantee, Grantee hereby agrees to reimburse the Grantor upon receipt of bills.

9. Cost and expense of work performed by Grantor, as referred to in this agreement, shall be determined in accordance with Grantor's then current policies concerning similar contracts throughout Grantor's system.

10. In the event any work is let by contract, Grantee shall require each contractor to furnish to Grantor evidence of Workmen's Compensation coverage and shall maintain at all times during the performance of any construction or reconstruction work the following types of insurance: (A) Contractors' Public Liability and Property Damage Liability Insurance, including Damage Liability Insurance, including automobile coverage, with limits of $5,000,000/10,000,000 as to public liability and $5,000,000/10,000,000 as to property damage liability. (B) Contractor's Protective Public Liability and Property Damage Liability Insurance with the same limits, if subcontractors are involved, and (C) Railroad Protective Public Liability and Property Damage Liability Insurance with the same limits as prescribed in (A) above, naming Illinois Central Gulf Railroad Company and National Railroad Passenger Corporation as the insured and containing an endorsement in the form appearing in the Standard Provisions attached to and made a part of this indenture. Grantor shall be furnished with the Railroad Protective Policy and, in addition, certificate (or certificates) of insurance evidencing the other insurance requirements specified herein. The Railroad Protective Policy and the certificate (or certificates) of insurance must meet with the approval of the Illinois Central Gulf Railroad Company before any work shall be commenced on Grantor's property by the contractor (or contractors).

11. Grantee, as a further consideration and as a condition, without which these easements would not have been granted, agrees to indemnify and save harmless Grantor, its officers, employees and agents for death or injury to any persons, including, but not limited to, officers, employees, agents, patrons and licensees of the parties hereto, and all liability for loss, damage or injury to any property, including, but not limited to, that belonging to the parties hereto (together with all liability for any reasonable expenses, attorneys' fees and costs incurred or sustained by the Grantor), arising from, growing out of or in any manner or degree directly or indirectly caused by, attributable to or resulting from the exercise of the rights herein granted to Grantee or the failure of the Grantee to conform to all the conditions of these easements, or the construction, maintenance, repair, renewal, alteration, change, relocation, existence, presence, use, operation or removal of any structure incident thereto, or from any activity conducted on the area covered by the easements by Grantee, its employees, agents, contractors, licensees or invitees, regardless of any negligence of Grantor, its officers, employees or agents. Grantee agrees also to release and indemnify and save harmless Grantor, its officers, employees and agents from all liability to Grantee, its officers, employees, agents or patrons, resulting from railroad operations at or near the area in which the easements are to be exercised, regardless of any negligence of the Grantor, its officers, employees or agents. Grantor shall give Grantee prompt notice of any claim within the coverage of this Section and Grantee, upon receipt of notice to that effect, shall assume or join in the defense of any claim based upon allegations purporting to bring said claim within the coverage of this Section.

12. In the event construction of the Water Line is not completed within two (2) years of the date of execution hereof, or if the use of any portion of the Easement

Areas for the purpose expressed herein shall be abandoned or discontinued, or if Grantee violates any provision of this Easement Agreement and such violation causes substantial injury to Grantor or Grantor's property or substantially interferes with Grantor's use of its property or with Grantor's operation of its railroad, and Grantor shall have given written notice of such violation to Grantee, then if Grantee shall not have cured the violation within 60 days after receipt of the notice (or in the event such violation cannot be cured within 60 days by the exercise of due diligence, if Grantee shall not have begun and shall not continue efforts to cure the violation with due diligence), at Grantor's election and by written notice to Grantee, the easements covered by this Easement Agreement shall thereupon cease and determine, and the Grantee shall surrender or cause to be surrendered to the Grantor or its successors or assigns the peaceable possession of the Easement Areas, and title to the said Easement Areas shall remain in the Grantor or its successors or assigns free and clear of all rights and claims of the Grantee and of the public for use and occupancy of the said premises. Full and complete title, ownership and use of Grantor's premises and of the portions thereof herein involved are reserved to Grantor, its successors or assigns, subject to the right, permission and authority herein expressly granted in this Easement Agreement. Upon termination of the easements covered by this Easement Agreement for any reason, the Grantee shall force-fill the Water Line with sand, shall abandon all use thereof, and shall restore the surface of the Easement Areas to a like condition as at present, to the extent Grantor may require such restoration.

13. The easements covered by this Easement Agreement shall run with the land upon which the easements are located, all subject to the terms and conditions contained herein. This Indenture shall be binding upon the respective grantees, licensees, lessees, successors and assigns of the parties, however except as hereinabove provided, Grantee shall not have the right to assign its rights or obligations hereunder without Grantor's consent.

14.(a) In the event the Grantee adopts a Planned Development Ordinance, subdivision plat, zoning change or other land use regulation ordinance which does not locate a public street, utility corridor or public park at ground level on the property covered by the easement in favor of MFEA which is located on the Easement Areas and instead makes avaliable for that portion of the Easement Areas uses with which Grantee's use of the Easement Areas, in Grantor's reasonable option, are incompatible, Grantee shall remove the portion of the Water Line from the portion of the Easement Areas and shall relocate same in the nearest public street, utility, corridor or public park, at Grantee's expense, upon written notice (which notice shall also designate the nearest public street, utility corridor or public park for relocation) given within 12 months after the adoption of said Planned Development Ordinance, subdivision, zoning change, or other land use regulation by the Grantee. In the event Grantor serves notice of demand for relocation and there is an alternative easement or easements which, in Grantor's reasonable opinion, is closer and/or more feasible to Grantee than is the nearest known street, utility corridor or park, and is available for occupancy by the Water Line without the presence, maintenance or use of the Water Line being incompatible with uses reasonably available to Grantor, Grantor's notice shall designate such alternative easement or easements as well. Grantee shall have the right to select a substitute easement from the ones (including streets, utility corridors and parks) designated as available for relocation of the Water Line. Time for and method of commencing relocation shall be as hereinbefore provided for initial installation. Grantor and Grantee agree that no use by Grantee shall be deemed "incompatible" with uses available to Grantor unless such use by Grantee of Grantor's property will, in Grantor's reasonable opinion, have a significant adverse effect on Grantor's use for purposes reasonably available to Grantor under the ordinances of the City of Chicago. Grantee shall complete relocation of the Water Line and shall force-fill the pipe on the vacated easement with sand and completely abandon use of said pipe and shall restore the surface of the vacated easement to its present condition (to the extent required by Grantor) within 360 days after receipt of such written notice.

(b) If relocation is required under this Section, Sections 4, 7 and 8 of this Easement Agreement shall apply in all respects to the removal and to any construction by Grantee on the replacement easement and Grantor and Grantee agree to promptly execute, without charge or fee to Grantee, an instrument covering the replacement easement covering the same terms and conditions of this Easement Agreement (except for omission of Grantor's rights under this Section). It is understood and agreed that only the first relocation under this Section shall be performed at Grantee's expense. Any other relocation required by Grantor shall be performed at no expense to Grantee.

15. It is understood that Grantee has acquired from the Chicago Park District two water mains and one sewer pipe located in the vicinity of 10th Street, which said water mains and sewer are covered by an agreement dated September 24, 1926 which was was entered into between Grantor's predecessor and the South Park Commissioners. It is agreed that this Easement Agreement cancels and supercedes the said agreement dated September 24, 1926 and that Grantee shall force-fill the said two water mains and the sewer in a manner which is satisfactory to Grantor's Chief Engineer.

In Witness Whereof, the Grantor has caused this Indenture to be signed in duplicate originals and its corporate seal affixed by its proper duly authorized officers as of the 9th day of May, 1978.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Municipal Code of Chicago is hereby amended by deleting in its entirety Chapter 93 entitled Births and Deaths and substituting therefor a new Chapter 93 entitled Births and Deaths, in Italics, as follows:

93-1. It shall be the duty of every physician or midwife who attends the birth of a child to report the same to the department of health within three days from the date of such birth. Such reports shall be made in writing on the standard certificate of birth form giving the full name, date of birth of such child and such other information as required on the form.

93-2. Every physician, midwife, nurse, maternity home, hospital of any nature, or other person attending any child at birth or within two weeks thereafter, shall report to the department of health every case of sore eyes developed by said child, and said report shall be made within six hours after the first appearance of symptoms of said case of sore eyes.

93-3. It shall be the duty of every physician to make a written report to the department of health within twenty-four hours after the death of any of his patients occurring within the jurisdiction of said department of health; except that if a medical examiner's inquest is called in respect to any such death, the report shall be made to said department of health by the medical examiner. All such reports shall be made on the medical certificate of death or the medical examiners certificate of death forms to be furnished by the department of health and shall contain such information as said department shall require.

When a dead human body is brought to any funeral director's establishment, it shall be the duty of the funeral director or licensed assistant to report the fact to the department of health within twelve hours after the receipt of such body, giving, if known, the name and age of the deceased, and the date, place, and cause of death.

93-4. The department of health shall on request furnish a certification of the record of any birth, stillbirth or death on file in the department of health to any applicant entitled to the same upon receipt of a written request and a payment by such applicant of a fee of three dollars. If, upon search, the record requested is found, the applicant will be furnished one certification of such record under the seal of such office, or a certified copy of such record. A further fee of two dollars shall be required for each additional certification or certified copy requested on the same order.

93-5. Any person who discovers the body of a dead human being, or any part thereof, shall immediately communicate to the medical examiner of the county and to the department of health the fact of such discovery, the place where and time when the same was discovered, where the same is or may be found, and any facts known by which the said body may be identified, or the cause of death ascertained.

93-6. No funeral director shall allow any establishment used, operated, or maintained by him in the funeral directing business to be used as a public morgue. If any dead human body is brought to any establishment, and if arrangements are not made for the burial or cremation of such body within one hundred hours from and after the hour of death, the body shall be taken by the funeral director to the county morgue, or placed by him in one of the cemetery receiving vaults.

93-7. It shall be unlawful for any person to make a public display of, or in any way place on exhibition so that the general public may view, the dead body of a person killed by an officer of the law in the discharge of his duty or executed under the law after being adjudged guilty of a felony. It shall be unlawful for any person to make such public display of, or to so place on exhibition, the dead body of any person brought to his death in such an unnatural or sensational manner that the appearance of his body after death excites the curiosity of the public, or that the exhibition of his body causes the gathering of an unusual number of persons who did not know the deceased in lifetime and have no interest other than a morbid or idle curiosity to seek admission to the place where such dead body is placed. Provided, however, that nothing herein contained shall be construed to prevent the immediate relatives of a deceased person, or the persons in control of the premises in which he resided in his lifetime, from placing the body of such deceased person where it may lie in state to be viewed by his relatives and friends.

93-8. No person shall retain, expose or allow to be retained or exposed, the dead body of any human being to the peril of prejudice of the life or health of any person.

93-9. No person shall move or convey any dead human body within the city in any automobile, ambulance, or other vehicle which is used as a public conveyance. Provided, however, that nothing in this section shall be held to prevent the use of such vehicle for the removal or conveyance of the dead body of a child under eight years of age who shall have died of a non-contagious disease if said body has been properly prepared for burial and encoffined.

93-10. It shall be unlawful for any person to move the dead body of any human being, or any part of such body, from any hospital or from place to place within the city or from the city, or to cremate or deposit any human body in any vault within the city, or to inter or disinter, or in any manner dispose of, any dead human body or part thereof, without first obtaining a permit so to do from the department of health; nor shall any dead human body or part thereof be disposed of otherwise than in accordance with the terms of the said permit. Permits for the removal, interment, cremation, or disposal of dead bodies shall be issued only upon the presentation of a proper death certificate to the department of health. Said death certificate shall be signed by a duly licensed physician who attended the deceased during his last illness, or by the medical examiner of Cook County. If the death occurred outside of the State of Illinois, the burial or removal permit shall be signed by the proper authority at the place where death occurred.

No permit for the burial or cremation of any dead human body shall be issued to anyone except a funeral director who is licensed as provided in this code or his duly authorized representative.

93-11. Any burial or cremation permit may be recalled by the department of health at any time when it shall have evidence that such permit was issued on improper or insufficient information contained in the death certificate, or when it is found that the conditions of the permit are not complied with; and any funeral director holding such permit shall, upon notification of its recall, forthwith surrender such permit to said department of health.

93-12. No person shall bring or cause to be brought into the city or be instrumental in bringing into the city, any disinterred human body or any dead human body in a condition which is offensive or dangerous to the health of the community, without permission in writing first obtained for that purpose from the department of health. If such body be that of a person who died of a contagious or infectious disease, or if such body has been shipped or transported from an infected place, permission shall be granted by the department of health only upon the condition that such body be taken directly from the railroad station, terminus, or landing place of any train, boat, vessel, or vehicle employed to bring such body into the city to a cemetery and there immediately cremated or interred.

No person licensed as a funeral director or acting as a funeral director's assistant shall receive from any common carrier or any other person any dead human body brought from any place outside the limits of the city, unless there shall be presented with such dead body a properly issued burial or removal permit from the place where the death occurred or the body was found, and unless the body has been transported in compliance with the rules and regulations of the Department of Public Health of the State of Illinois, for the transportation of the dead. If such death shall have been caused by reason of any infectious or contagious disease, or if such body shall be in an offensive condition or in a condition dangerous to the health of the community, such body shall not be received by any such person unless, in addition to such permit or certificate, there shall be produced the permit of the department of health for the bringing into the city of such body provided for in this Section.

93-13. No superintendent or other person in charge of any cemetery or other place for the disposition of dead bodies shall assist in, assent to, or allow any interment, disinterment, cremation, or disposition to be made in any such cemetery or place of any dead human body, or part thereof, until a permit shall have been issued as provided in this chapter. It shall be the duty of every such superintendent or person in charge of a cemetery or other place where dead bodies are disposed of, who shall receive any such permit to complete the cemetery portion of such permit, sign and return to the department of health within forty-eight hours after the receipt by him of such permit.

93-14. It shall be unlawful for any person to establish, enlarge, or alter the boundaries of any cemetery within the city, or within one mile thereof, unless authorized by an ordinance of the city council.

93-15. It shall be unlawful to inter or bury any dead human body or part thereof in any place within the city other than a duly established cemetery.

93-16. Bodies of persons who have died of smallpox, bubonic plague or cholera shall be prepared for burial in a manner so as to avoid the spread of disease, and before being placed in the coffin shall have all orifices closed with plugs of cotton saturated with an efficient disinfecting fluid, and shall then be wrapped in a sheet saturated with an efficient disinfecting fluid.

93-17. Every coffin, casket, or other receptacle used to contain the body of any person who has died of smallpox, bubonic plague or cholera shall be so constructed that the same is water-tight and shall be closed with a well-fitting cover, and before being used for the burial of any such body or for conveyance to any cemetery or place of burial of any such body, shall be approved as to its compliance with the provisions of this section by the department of health. Any person licensed as a funeral director or assistant funeral director, or who is in charge or control of any funeral directing establishment, or any other person who shall supply or use, or permit to be supplied or used, for the burial of the body of any person who has died of smallpox, bubonic plague or cholera, any coffin, casket, or other receptacle for such body which has not been approved by the department of health, shall be deemed guilty of a violation of this section.

93-18. No person shall conduct or manage, or permit to be conducted or managed, within the city, the funeral of any person who has died of any disease named in section 16, except as hereinafter provided. The body of such person shall be buried or cremated within forty-eight hours from the time of death. No person whose attendance is not necessary for the conduct of the funeral of such person shall be permitted to enter the premises where the death has occurred, but nothing herein contained shall be held to prevent the attendance or presence at any such funeral of any adult relative of the deceased person, or any adult member of the family of such deceased person, who shall have been in attendance upon said deceased during his last sickness, and who shall have been exposed prior to such funeral to the disease from which such person died. Other persons desiring to accompany or follow the remains of the deceased to the grave may do so if they do not enter the premises where the death occurred and do not occupy the same vehicle as persons who have entered said premises.

93-19. Any person who violates, or who resists the enforcement of, any of the provisions of this chapter shall be fined not less than two hundred dollars nor more than one thousand dollars for each offense, and a separate and distinct offense shall be deemed to have been committed for each and every day on which any such person shall be guilty of such violation.

SECTION 2. This ordinance shall be effective from and after its passage.

Said license shall be issued upon favorable recommendation from the Department of Fire, Board of Health, and Department of Consumer Sales, Weights and Measures, and upon payment of the fee prescribed in this chapter.

No company shall operate or maintain any vehicle as an ambulance within the City of Chicago without having first obtained a certificate of inspection for said vehicle issued by the Department of Revenue. Said certificate of inspection shall be issued upon inspection by the Department of Fire, Board of Health, and Department of Consumer Sales, Weights and Measures, which shows that said vehicle is in conformity with all rules and regulations regarding the operation of ambulances.

No company operating an ambulance which has a certificate of inspection permitting said vehicle to operate as a basic life support ambulance shall allow utilization of the vehicle to offer advanced life support services.

No license shall be required for any company nor certificate of inspection required for any ambulance which is rendering assistance in the case of a declared disaster, or is operating in instances of transporting patients from beyond the City of Chicago to locations within the City, or from within the City of Chicago to a location outside of the City.

103-3. The Commissioner of the City of Chicago Department of Consumer Sales, Weights and Measures shall write and adopt appropriate rules and regulations pertaining to the safety of operation and conditions appropriate to the exterior and general usage of private ambulances. Such regulations shall include but shall not be limited to the size of lettering and identifying information displayed on the ambulance, or the volume, frequency ranges, and use of sirens. The Department of Consumer Sales, Weights and Measures shall inspect all private ambulances for conformity to these rules and regulations. When the Department of Consumer Sales, Weights and Measures finds a violation of any requirements of this code or of its regulations adopted pursuant, it may make a second inspection after a lapse of whatever time it deems necessary for the correction of the violation. Provided, however, that whenever an inspection indicates that conditions create an imminent hazard to the public, the certificate of inspection for any vehicle may be immediately suspended.

After receipt from the Department of Consumer Sales, Weights and Measures of a notice of violation by the licensee, as evidenced by said inspection report, but before the allotted time has elapsed for compliance, the licensee may request a hearing at the offices of the Department of Consumer Sales, Weights and Measures to file exceptions to the inspection report or may re-

quest an extension of the time allowed for compliance. Such appeal must be filed within three days (excluding Saturdays, Sundays, and Holidays) of the receipt of such notice of violation.

If, upon such second inspection, it is found that the licensee is in continued violation of this Chapter, the certificate of inspection may be temporarily suspended by the Department of Consumer Sales, Weights and Measures.

Upon suspension of the certificate of inspection the sticker shall be removed from the vehicle and delivered to the Department of Revenue.

The Chicago Police Department shall be notified of the suspension of the license and shall enforce the cessation of operation of the ambulance.

The holder may, at any time, make application for a restoration of the certificate of inspection. After receipt by the Department of Consumer Sales, Weights and Measures of such application, accompanied by a statement signed by the licensee indicating that the provision or provisions previously violated have been complied with, a reinspection shall be made on the next regular City of Chicago government business day to assure the Department of Consumer Sales, Weights and Measures that the applicant is complying with requirements of this Chapter. When the reinspection indicates full compliance, the certificate of inspection shall be restored, and the Chicago Police Department so notified.

Upon a record of repeated violations of this Chapter, or repeated suspensions of certificates of inspection the Department of Consumer Sales, Weights and Measures may recommend the revocation of the ambulance operating license in accordance with the requirements of this Chapter.

The City of Chicago Board of Health, with the advice and consultation of appropriate emergency medical service committees, shall write and adopt health-related rules and regulations regarding private and public ambulance requirements. Regarding basic life support services, these rules and regulations will cover, but not be limited to, proper sanitation, minimal equipment list, the protocol for standard operating procedures, adequacy of the ambulance premises, and other requirements, such as display of ambulance attendants' identification cards while on duty. In addition to the above, rules and regulations governing advanced life support services will further cover, but not be limited to, an approved drug list, requirements for the proposal to be submitted by companies seeking licensure, and necessary telemetry communication.

The City of Chicago Department of Health shall initially inspect private ambulances seeking licensure for conformity to City of Chicago Board of Health rules and regulations and make recommendations to the Department of Revenue regarding approval or disapproval of licensure, and shall inspect licensed ambulances for conformity to City of Chicago Board of Health rules and regulations.

When the Department of Health finds a violation of any requirements of this code, or of its regulations adopted pursuant, it may make a second inspection after a lapse of whatever time it deems necessary for the correction of the violation. Provided, however, that whenever an inspection indicates that conditions create an imminent hazard to the public health, the ambulance certificate of inspection may be immediately suspended.

After receipt from the Department of Health of a notice of violation by the licensee, as evidenced by said inspection report, but before the allotted time has elapsed for compliance, the licensee may request a hearing at the offices of the Department of Health to file exceptions to the inspection report or may request an extension of the time allowed for compliance. Such appeal must be filed within three days (excluding Saturdays, Sundays, and Holidays) of the receipt of such notice of violation.

If, upon such second inspection, it is found that the licensee is in continued violation of this Chapter, the certificate of inspection may be temporarily suspended by the Department of Health. Upon suspension of the license, the sticker shall be removed from the vehicle and delivered to the Department of Revenue.

The Chicago Police Department shall be notified of the suspension of the certificate of inspection and shall enforce the cessation of operation of the ambulance.

The holder may, at any time, make application for a restoration of the certificate of inspection. After receipt by the Department of Health of such application, accompanied by a statement signed by the licensee indicating that the provision or provisions previously violated have been complied with, a reinspection shall be made on the next regular City of Chicago government business day to assure the Department of Health that the applicant is complying with requirements of this Chapter. When the reinspection indicates full compliance, the certificate of inspection shall be restored, and the Chicago Police Department so notified.

Upon a record of repeated violations of this Chapter, or repeated suspensions of certificates of inspection, the Board of Health may recommend the revocation of the ambulance operating license in accordance with the requirements of this Chapter.

Nothing in this section shall preclude the initiation of any court action based on any violations of this code.

Upon recommendation for revocation of the ambulance operating license by the City of Chicago Department of Consumer Sales, Weights and Measures or the City of Chicago Department of Health, the mayor may revoke the ambulance operating license of the company concerned in the manner prescribed by law.

All public ambulances operating within the City shall conform to rules and regulations for ambulances as approved by the Chicago Board of Health.

103-4. Each ambulance shall, at all times when in use as such, be suitable for the transportation of patients from the standpoint of health, sanitation and safety, and be maintained in suitable premises and contain equipment conforming with the standards, requirements and regulations provided for herein. Said equipment shall be in proper and good condition for such use and comply with all applicable laws and local ordinances relating to health, sanitation and safety, and be equipped with such lights, sirens and special markings to designate it as an ambulance, as may be prescribed in regulations promulgated by the Commissioner of the City of Chicago Department of Consumer Sales, Weights and Measures, the City of Chicago Board of Health, and Federal and State of Illinois laws and any other applicable provisions of this code.

It shall be the duty of every company licensed under this chapter to notify the Department of Revenue whenever any change in his address is made, either business or residence. Any notice required to be given to a licensee shall be sufficient if addressed to the last address recorded in the office of the Department of Revenue.

Any change of ownership of a licensed company shall terminate the ambulance operating license and shall require a new application and a new license, and conformance with all the requirements of this Chapter as upon original licensing.

Application for transfer of any ambulance certificate of inspection to another or substitute vehicle, shall require conformance with all the requirements of this Chapter as upon original licensing. No ambulance operating license may be sold, assigned, mortgaged or otherwise transferred without the approval of the Department of Revenue and a finding of conformance with all requirements of this Chapter as upon original licensing.

103-5. Each licensed ambulance, its equipment and premises designated in the application and all records relating to its maintenance and operation as such shall be opened to inspection by the City of Chicago Department of Health and the City of Chicago Department of Consumer Sales, Weights and Measures, which Departments are hereby authorized and empowered to inspect the same. The City of Chicago Department of Health shall transmit to the Commissioner of the City of Chicago Department of Consumer Sales, Weights and Measures a copy of each inspection report.

Each company licensed pursuant to this Chapter shall maintain at his place of business a permanent record which shall be available for inspection by the Commissioner of the City of Chicago Department of Consumer Sales, Weights and Measures or the City of Chicago Department of Health listing the dates of all trips, the time of the trip, the unit number, the attendants' names, the name of the patient, the person requesting the service, the location of the pick-up and discharge, together with the fee charged.

103-6. The City of Chicago Department of Revenue, upon recommendation from the City of Chicago Board of Health, shall issue a written authorization in the form of a City of Chicago Ambulance Attendant License to applicants for ambulance attendant status at the emergency medical technician I level upon the receipt of proof of appropriate State of Illinois certification, or at the emergency medical technician II level upon the receipt of proof of appropriate State of Illinois certification, or at the driver level. In addition, all ambulance attendants engaged in driving an ambulance vehicle must possess a valid City of Chicago Ambulance Driver's License. The City of Chicago Ambulance Attendant License will specifically state which of the three levels of ambulance attendant status the authorization is provided for, and no ambulance attendant shall exceed his duly licensed ambulance attendant status by offering services for which he is not licensed.

It shall be unlawful for any individual to function as an ambulance attendant or to participate in the transportation and care of the patients in any manner whatsoever on any public way from place to place within the city without first having been authorized by the Department of Revenue and, while so acting, shall have in possession all necessary documents, issued pursuant to the provisions of the code; provided however, that this provision shall not apply to the offering of medical care by validly licensed physicians or other legally recognized members of the allied health professions. A fee of twenty-five dollars shall be charged for each ambulance attendants license. Said fee shall be payable upon the effective date of this chapter and each January 1, thereafter.

103-7. In response to an emergency call, or while transporting a patient in situations where reasonable grounds exist to believe that an emergency situation is present, ambulance attendants may park irrespective of the otherwise applicable provisions of law, ordinance or regulations, proceed past a red or stop signal or stop sign, but only after slowing down or stopping as may be necessary for safe operation. No ambulance shall exceed the lawful speed, but the ambulance attendant may disregard laws or ordinances or regulations governing direction or movement or turning in specified directions, when such activity is specifically provided for in State of Illinois guidelines.

The exemptions herein granted shall apply only when the ambulance attendant, while in motion, sounds audible signal by siren as may be reasonably necessary and when the vehicle is equipped with lights and markings, as required by Federal and State specifications for ambulance vehicles.

The foregoing provisions shall not relieve ambulance attendants from duty to drive with due regard for the safety of all persons, nor shall such provisions protect the ambulance attendants from the consequences of reckless disregard for the safety of others.

No private or public ambulance shall operate in the City without at least two attendants who are duly authorized by the Department of Revenue to function in the City as emergency medical technicians.

103-8. Any public ambulance, when rendering basic life support services to a patient, shall convey the patient from the place where care was initiated to the nearest emergency medical facility approved by the City of Chicago Department of Health for the provision of emergency medical care services.

Any public ambulance, when offering advanced life support services to a patient, shall convey the patient from the place where care was initiated to that hospital, participating in a State of Illinois approved mobile intensive care program, where, as determined under the medical direction related to this specific patient as provided by the resource or associate hospital, the most appropriate and needed service can be rendered.

Whenever any private ambulance is offering basic life support services, no sick or injured person shall be conveyed against his will by the private ambulance from the place where he was overcome by sickness or from the scene of the accident in which he was injured, nor, having been placed in an ambulance shall be conveyed to a place to which he is unwilling to go, provided, that if such sick or injured person is unable to give any direction in his own behalf and there is no immediate relative present to direct where he shall be taken, such sick or injured person shall be conveyed to the nearest emergency medical facility approved by the City of Chicago Department of Health for the provision of emergency medical care services.

Whenever advanced life support services are initiated by a private ambulance, the patient must be conveyed to that hospital, participating in a State of Illinois approved mobile intensive care program, where, as determined under the medical direction related to this specific patient as provided by the resource or associate hospital, the most appropriate and needed service can be rendered. In instances where advanced life support services are indicated, and the patient demands transport to a hospital not participating in the State of Illinois approved mobile intensive care program, the patient or his immediate relative shall sign an appropriate release form absolving the company, the ambulance attendants, and the resource or associate hospital from responsibility related to the medical care rendered and the continuity thereof, resulting from the inability to offer fully appropriate services.

103-9. Application for ambulance operating license shall be made in writing, signed and sworn to by applicant, or if applicant is a corporation, by its duly authorized agent, upon forms prescribed by the Department of Revenue. The application shall contain the full name, business address, residence, and address and business telephone number of applicant and owner of ambulances; the trade or other fictitious name, if any, under which applicant does business and proposes to do business, the training and experience of applicant in the transportation and care of patients; descriptions of each ambulance, including make, model, year of manufacture, motor and chassis number, current state license number; length of time in service; color scheme, insignia, name, monogram or other distinguishing characteristics to be used to designate the applicant's ambulance. In addition, applicant shall state the place or places from which it is intended or desired to operate, or maintain an ambulance, giving full description of the premises as well as the location of the same.

103-10. If any person has obtained an ambulance operating license pursuant to the provisions of this Chapter by an application in which any material fact was omitted or stated falsely, or if any licensee or ambulance attendant serving upon an ambulance operated by the licensee shall become unfit to operate an ambulance vehicle, or is found not to be in compliance with the requirements of this code within the time set for such compliance, the Department of Revenue may recommend to the mayor that the ambulance operating license be revoked and the mayor in his discretion may revoke such license in the manner prescribed by law.

103-11. The Department of Revenue may renew any ambulance operating license issued pursuant to this Chapter, from year to year, upon application made on the form furnished by the Department of Revenue which shall state the name and city address of applicant, date upon which his original license was granted, and number thereof. No ambulance operating license shall be renewed unless the Department of Revenue has on file a current satisfactory inspection report from the City of Chicago Department of Health as provided for in this chapter.

103-12. The City of Chicago may levy reasonable fees for ambulance services rendered by the public ambulances.

103-13. All applicants for ambulance operating license shall be organized or qualified to do business under the laws of the State of Illinois.

103-14. No person shall advertise or otherwise hold himself out as being engaged in the business of operating or maintaining an ambulance service within the city unless he is licensed to engage in said business by the City of Chicago.

103-15. Every ambulance owner shall carry public liability and property damage insurance and workmen's compensation insurance for employees with insurers approved by the Illinois Department of Insurance, authorized to transact insurance business in the State of Illinois, and qualified to assure the risks for amounts hereinafter set forth under the laws of the State of Illinois, to secure payments of any loss or damage resulting from occurrence arising out of or caused by the operation or use of any of the ambulances belonging to licensee.

The public liability insurance policy or contract may cover one or more ambulance vehicles, but each ambulance shall be insured for the sum of at least twenty-five thousand dollars for property damage and the amount of at least one hundred thousand dollars for injuries to or death of any one person, and for the sum of at least three hundred thousand dollars for injuries to or death of more than one person, in any one accident. Every insurance policy or contract for such insurance, shall provide for the payment and satisfaction of any final judgment rendered against the owner, or any person driving any insured vehicle, and that suit may be brought in any court of competent jurisdiction upon such policy or contract by any person having claims arising from the operation or use of such ambulances; it shall contain a description of each ambulance vehicle insured, manufacturer's name and serial number, the state license number, and the ambulance operating license number.

In lieu of an insurance policy or contract, a surety bond or bonds with a corporate surety or sureties authorized to do business under the laws of the State of Illinois, may be accepted by the Department of Revenue, for all or any part of such insurance, provided that each bond shall be conditioned for the payment and satisfaction of any final judgment, in conformity with the provisions of an insurance policy required by this section.

All insurance policies, contracts or surety bonds required by this section or copies thereof certified by the insurers or sureties, shall be filed with the Department of Revenue and no insurance or bond shall be subject to cancellation, except on thirty days' previous notice to the Department of Revenue. If any insurance or bond is cancelled or permitted to lapse for any reason, the Department of Revenue shall suspend the certificate of inspection for the ambulance affected for a period not to exceed thirty days, to permit the insurance or bond to be supplied in compliance with the provisions of this section. If such other insurance or bond is not supplied within the period of suspension of the license, the mayor shall revoke the certificate of inspection for such ambulance.

Every company licensed pursuant to this chapter shall pay each judgment or award for the loss or damage in the operation for use of an ambulance rendered against such licensee by any court or commission of competent jurisdiction within ninety days after its judgment or award shall have become final, and not stayed by supersedeas. If any such judgment shall not be so paid, the mayor shall revoke the ambulance operating license of the ambulance company concerned.

103-16. The annual license fee for an ambulance operating license shall be four hundred seventy-five dollars for each basic life support ambulance requiring a certificate of inspection and six hundred dollars for each mobile intensive care unit requiring a certificate of inspection. Said fee shall be payable upon the issuance of the original ambulance operating license and each January 1, thereafter.

All applications for original ambulance operating licenses shall be accompanied by a nonrefundable application fee of fifty dollars to cover the cost of issuing such license.

Nothing herein shall affect the right of the City of Chicago to impose or collect a vehicle fee or any occupational tax, as authorized by the laws of the State of Illinois or the City of Chicago in addition to the license fees provided by this Chapter.

103-17. Any license issued pursuant to this Chapter shall entitle the licensee to engage in the business of operating an ambulance service only at and from the approved premises designated in such license, provided, however, that no such license shall be issued unless there is to be at least one licensed ambulance actually operated from or maintained at that location.

103-18. There shall be no discrimination against any person employed or seeking employment with a company licensed under this Chapter on account of race, sex, color, religion, national origin or ancestry; likewise, it shall be unlawful for any individual licensed or authorized to provide services under this Chapter to refuse aid or transportation to any patient on account of race, sex, color, religion, national origin or ancestry.

103-19. Any person found guilty of violating, disobeying, omitting, neglecting, or refusing to comply with, or resisting or opposing the enforcement of any of the provisions of this Chapter, except when otherwise specifically provided, upon conviction thereof shall be punished by a fine of not less than two hundred dollars nor more than three hundred dollars for the first offense and not less than two hundred dollars nor more than five hundred dollars for the second and each subsequent offense in any 180-day period; provided, however, that all actions seeking the imposition of fines only shall be filed as quasi-criminal actions subject to the provisions of the Illinois Civil Practice Act (Ill. Rev. Stat. 1971, Ch. 110, pars. 1 et seq.). Repeated offenses in excess of three within any 180-day period may also be punishable as a misdemeanor by incarceration in the county jail for a term not to exceed six months under the procedure set forth in Section 1-201.1 of the Illinois Municipal Code (Ill. Rev. Stat. 1971, Ch. 24, par. 1-2-1.1) and under the Provisions of the Illinois Code of Criminal Procedure (Ill. Rev. Stat. 1971, Ch. 38, pars. 100-1, et seq.), in a separate proceeding. A separate and distinct offense shall be regarded as committed each day upon which each person shall continue any such violation, or permit any such violation to exist after notification thereof.

103-20. If any provision, clause, sentence, paragraph, section, or part of this Chapter, or application thereof to any person, firm, corporation, public agency or circumstance, shall, for any reason, be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair or invalidate the remainder of this Chapter and the application of such provision to other persons, firms, corporation, public agencies or circumstances, but shall be confined in its operation to the provision, clause, sentence, paragraph, section, or part thereof directly involved in the controversy in which such judgment shall have been rendered and to the person, firm, corporation, public agency, or circumstances involved. It is hereby declared to be the legislative intent of the City Council that this Chapter would have been adopted had such unconstitutional or invalid provision, clause, sentence, paragraph, section, or part thereof not been included.

SECTION 2. All provisions of the ordinance shall take effect one hundred eighty days after its due passage and publication.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Municipal Code of Chicago is hereby amended by deleting in its entirety Chapter 181 entitled, "Undertakers", and substituting therefore, a new Chapter 181 entitled, "Funeral Directors", in Italics as follows:

181-1. It shall be unlawful for any individual to act as a funeral director, or assistant funeral director, or to move the dead body of any human being, or any part of such body from any hospital or institution, or from place to place within the city or from the city, or to cremate or deposit any human body in any vault within the city, or to inter or disinter, or in any manner dispose of, any dead human body or part thereof, or to prepare a dead body for burial or cremation, or to manage a funeral, or to conduct, manage, or be in charge of a funeral director's establishment or in any way to advertise or hold himself out to the public as a funeral director by card, sign, solicitation, or otherwise, without first obtaining a license as a funeral director or assistant funeral director from the Department of Revenue.

In conducting any business under a license herein provided for, no licensee shall use, or join in using, as part of or in connection with the name under which said business is conducted. the name of any person who is not both licensed hereunder and actually engaged in said business; provided, however, that any person who on July 1, 1935 was engaged in the practice of funeral directing as defined in an act of the General Assembly of the State of Illinois entitled "An Act in relation to the regulation of persons engaged in the practice of funeral directing and embalming, and to repeal an Act therein named," filed July 8, 1935, as an owner, member or employee of a corporation, partnership or association so engaged, shall be permitted to continue to engage in the practice of funeral directing, as so defined, and to advertise publicly as being so engaged, if the said owner, member or employee shall have complied with all other provisions of this chapter.

181-2. Application for a license under this chapter shall be made to the Department of Revenue. The applicant shall state his name and residence address, that a certificate of registration as a funeral director has been issued to him by the State of Illinois and the number of his state registration certificate, and the location of the establishment where he intends to engage in the business of funeral directing.

181-2.1. Every such applicant shall also furnish to the Department of Revenue evidence that he has successfully completed a course of instruction in a professional school or college teaching the practice of funeral directing, which is recognized and approved by the Illinois Department of Registration and Education; that he has knowledge of, and is familiar with, the state laws, the provisions of this code, and the rules and regulations of the Department of Health governing and concerning the removal, preparation and burial or cremation of the dead; and that such applicant has a practical knowledge of approved and sanitary methods of caring for dead bodies and preparing the same for burial or cremation, including the disinfection of dead bodies. The Department of Revenue shall give to each applicant not less than three days' notice of the time when the applicant will be required to furnish the said evidence of his qualifications. Each applicant shall further furnish to the department evidence that the applicant maintains a funeral directing establishment in the city, and that he is of good moral character and a fit person to be licensed as a funeral director. No license shall be issued unless the foregoing requirements have been complied with, and the applicant has successfully passed a written examination administered by the Department of Health.

181-2.2. No person other than an embalmer to whom a certificate of registration to practice embalming has been issued by the State of Illinois shall embalm a dead human body or prepare a human body dead of a contagious or infectious disease for transportation.

It shall be unlawful for a funeral director to embalm or cause to be embalmed a dead human body or part thereof without obtaining prior authorization from the next of kin. If, however, the responsibility for the handling of the remains lawfully falls under the jurisdiction of a public agency, then the regulations of these agencies shall then prevail and must be adhered to. Written authorization shall be received in the files of the funeral director within twenty-four hours of the receipt of such body. The written statement signed by the next of kin shall be maintained in the files of the funeral director for a period of three years. Evidence of fraudulent authorization shall be grounds for immediate suspension of the funeral director's license.

When a dead body is received by a funeral director, the funeral director, after having obtained the required authorization from the next of kin, shall have the body embalmed by a licensed embalmer. This requirement may be waived for religious or personal reasons in which

case the funeral director must immediately provide refrigerated storage or other means of preservation including the use of solidified carbon dioxide. No body shall be kept for more than four hours while under the control of the funeral director on his premises without being preserved in the manner specified above.

181-3. No morgue or funeral directing establishment shall be conducted or operated on or along any boulevard or mall, or in any block on any street in which one-third of the buildings on both sides of the street in such block are used exclusively for residential purposes, without the written consent of a majority of the property owners according to the frontage on both sides of the boulevard, or street in the block in which it is proposed to conduct or operate such morgue or funeral directing establishment.

Frontage consents, when required under this section, shall be obtained and filed with the Department of Revenue before a license shall be issued to a funeral director for the premises sought to be used by such licensee.

181-4. The fee for a license for each funeral director licensed hereunder shall be one hundred dollars per year. If at the time such license shall be issued less than six months of the current year shall have expired, the fee for such license shall be the full sum of one hundred dollars. If six or more than six months of the current license year shall have expired, the fee for such license shall be fifty dollars. No license shall be issued for any part of a license year for a sum less than fifty dollars.

However, any registered funeral director whose license has expired while he has been engaged (1) on active duty with the Army of the United States, the United States Navy, the Marine Corps, the Coast Guard, or the State Militia called into the service or training of the United States of America, or (2) in training or education under the supervision of the United States preliminary to induction into the military service, may have his license renewed without passing any examination, if within one year after termination of such service, training, or education other than by dishonorable discharge, he furnishes the Department of Health with an affidavit to the effect that he has been so engaged and that his service, training or education has terminated.

181-5. Any license issued pursuant to this chapter shall entitle the licensee to engage in the business of funeral directing only at and from the establishment designated in such license, and if the applicant for such license shall desire to engage in the business of funeral directing at more than one establishment in the city, he shall be permitted to do so only upon the payment of a license fee as hereinbefore fixed for each such establishment.

181-6. No individual other than a licensed funeral director, or authorized assistant, shall be permitted to manage or control any funeral directing establishment, or to prepare dead bodies for burial or cremation, other than the embalming by a state licensed embalmer, or to manage or conduct funerals in the capacity of a funeral director; provided, that when any individual licensed as a funeral director hereunder shall desire to have any establishment in which he is licensed to conduct or operate a funeral directing establishment, be conducted or operated for him by any agent, assistant, clerk or employee, or if he shall desire to have more than one assistant in charge of, or to conduct funerals from any place in which he is so licensed, he shall be permitted to do so upon making application to the Department of Revenue for that purpose, setting out in such application the name and residence of the person whom he desires to have act for him as aforesaid, and upon his furnishing satisfactory evidence to said department that such person is qualified to act as a funeral director and possesses the same qualifications as are required to be possessed by applicants for a license as a funeral director under this chapter; provided, however, that if such funeral director desires to have more than one person act as such assistant, a separate application shall be filed in like manner for each such assistant.

Upon receipt of such application and successful completion of a written examination administered by the Department of Health and upon payment of a fee of ten dollars to the Department of Revenue, a certificate authorizing the applicant to act as a funeral director's assistant shall be issued. Such certificate shall be valid only at the location described in the application and only valid during the term of the license held by such applicant. A separate fee of ten dollars shall be required for each additional application for a funeral director's assistant where more than one assistant is employed.

Any registered funeral director's assistant whose certificate has expired while he has been engaged (1) in federal service on active duty with the Army of the United States, the United States Navy, the Marine Corps, the Coast Guard, or the State Militia called into the service or training of the United States of America, or (2) in training or education under the supervision of the United States preliminary to induction into the military service, may have his certificate renewed without passing any examination, if within one year after termination of such service, training or education other than by dishonorable discharge, he furnishes the Department of Revenue with an affidavit to the effect that he has been so engaged and that his service, training or education has been so terminated.

181-7. The license certificate obtained under this chapter shall be kept posted, for the period of such license, in a conspicuous place of the licensed premises, and if such establishment be in charge or control or under the management of a duly authorized assistant or assistants, in addition thereto there shall also be kept the certificate or certificates of such assistant or assistants during the period for which such certificate or certificates is or are issued, in the same manner as is provided for the posting of the funeral director's license; provided, that if at any time the issuance of any assistant's certificate, said assistant shall cease to be in actual charge of said establishment, or, if any assistant shall cease to be in the active and exclusive employ of such duly licensed funeral director, it shall be the duty of such assistant, or the person holding the license for said establishment, to surrender forthwith and deliver to the Department of Health the certificate and license so issued. No license or certificate shall be allowed to remain posted after the expiration of the period for which such license or certificate was issued.

The Department of Revenue shall cause to be issued, on an annual basis, a license ID card of wallet size which shall contain the name of the licensee, a current photograph supplied by the licensee, the address of his principal place of business, his Chicago license number and the designation "A" for the funeral director and "B" for funeral director's assistant. In addition, the "B" designation shall be followed by the name of the funeral director's establishment for whom the funeral director's assistant is employed.

This ID card must be carried on the person of each licensee when in the process of conducting business. If requested to do so, said

licensee shall present this ID card to any person or persons involved in making arrangements for the handling, transporting, or burying of dead human remains as well as to those individuals involved in the regulating of the funeral directing industry.

All funeral director and assistant licenses expire on the 31st day of December of the year for which the license was issued. All licenses not renewed by March 1st of the following year can only be renewed on the payment of a reinstatement fee of $25.00.

181-7.1. When a certificate authorizing a person named therein to act as a funeral director, or funeral director's assistant is surrendered to the Department of Revenue for the reason that such person has ceased to be in actual charge of a funeral directing place, or has ceased to be in the active and exclusive employ of the licensed funeral director on whose application said certificate was issued, the person named in such certificate as authorized to act as a funeral director, or funeral director's assistant shall, upon his making the application and paying the fee herein provided for, be entitled to receive a certificate which shall be known as a no-license certificate and which shall entitle him to receive a certificate authorizing him to act as a funeral director's assistant, upon each subsequent application by a person qualified to apply for the certificate under the provisions of Section 181-6 of this chapter. Upon the making of such last-named application, said no-license certificate shall be sufficient evidence to said Department of Revenue that the person named therein is qualified to receive a certificate authorizing him to act as a funeral director's assistant unless the Department of Revenue shall be in the possession of evidence which affirmatively shows the contrary.

The fee for the issuance of such no-license certificate shall be five dollars, which shall be paid to the Department of Revenue prior to the issuance thereof. Each no-license certificate shall be in force during one year following the date of its issuance and may, upon application to the Department of Revenue, be renewed annually upon payment of one dollar for each such renewal.

181-7.2. No person, including any licensee, agent or employee, or other person acting on behalf of a licensee with his knowledge or consent, express or implied, shall directly or indirectly pay or cause to be paid any sum of money or other valuable consideration for the securing of business or to obtain any deceased human body or authority to dispose of any deceased human body; provided that this section shall not be deemed to prohibit general advertising.

181-7.3. No licensee, agent or employee of a licensee, or other person acting for or on behalf of a licensee with his knowledge or consent, express or implied, shall solicit a dead human body while death is impending or after death; provided that this section shall not be deemed to prohibit general advertising.

181-7.4. It shall be unlawful for any person to solicit for money, fee, commission or other remuneration directly or indirectly in any manner whatsoever, a dead human body for any licensee.

181-7.5. It shall be unlawful for any licensed funeral director or assistant funeral director to move any dead human body or part thereof without authorization in writing from the next of kin, or from any public agencies having responsibility for the burial of dead human bodies under their jurisdiction.

During an emergency, or a major disaster involving multiple deaths, the department of health may waive the above requirement. However, funeral directors and assistant funeral directors moving bodies from the scene of such disaster to any facility must notify the Department of Health within 4 hours of the movement of such body or part thereof.

181-7.6. At the time funeral arrangements are made and prior to rendering same, the funeral director shall provide the person or persons making the funeral arrangements with a written statement, signed by the funeral director, which shall include the following:

1. The price of the service selected and the services and merchandise included therein;

2. The supplemental items of service and/or merchandise requested, and the price of each such item;

7-86. *Legislative Declaration of Purpose.* It is hereby determined and declared that the purpose of this Ordinance is to provide a means of financing the cost of residential ownership and development that will provide decent, safe and sanitary housing for residents of the municipality at prices they can afford; it is further determined and declared that such residential ownership and development will (a) provide for and promote the public health, safety, morals, and welfare; (b) relieve conditions of unemployment and encourage the increase of industry and commercial activity and economic development so as to reduce the evils attendant upon unemployment; (c) provide for efficient and well-planned urban growth and development including the elimination and prevention of potential urban blight and the proper coordination of industrial facilities with public services, mass transportation and residential development; (d) assist low and moderate income persons in acquiring and owning decent, safe and sanitary housing which they can afford; (e) promote the integration of families of varying economic means; and (f) preserve and increase the municipality's ad valorem tax base; and the foregoing are hereby determined and declared to be public purposes and functions pertaining to the government and affairs of the municipality.

7-87. *Additional Powers.* In addition to powers which the municipality may now have, the municipality shall have all powers necessary to accomplish the purposes of this Ordinance including, but not limited to, the following:

(a) *Residential Development.* The municipality shall have the power to plan, conduct research, study, develop and promote the establishment of residential development.

(b) *Home Mortgages.* The municipality shall have the power:

(1) To acquire, and contract and enter into advance commitments to acquire, home mortgages owned by lending institutions at such purchase prices and upon such other terms and conditions as shall be determined by the municipality or such other person as it may designate as its agent, to make and execute contracts with lending institutions for the origination and servicing of home mortgages and to pay the reasonable value of services rendered under those contracts.

(2) To make loans to lending institutions under terms and conditions which, in addition to other provisions as determined by the municipality, shall require the lending institutions to use substantially all of the net proceeds thereof, directly or indirectly, for the making of home mortgages in an aggregate principal amount substantially equal to the amount of such net proceeds.

(3) To establish, by rules or regulations, in ordinances relating to any issuance of bonds or in any financing documents relating to such issuance, such standards and requirements applicable to the purchase of home mortgages or the making of loans to lending institutions as the municipality deems necessary or desirable, including but not limited to: (i) the time within which lending institutions must make commitments and disbursements for home mortgages; (ii) the location and other characteristics of homes to be financed by home mortgages; (iii) the terms and conditions of home mortgages to be acquired; (iv) the amounts and types of insurance coverage required on homes, home mortgages and bonds; (v) the representations and warranties of lending institutions confirming compliance with such standards and requirements; (vi) restrictions as to interest rate and other terms of home mortgages or the return realized therefrom by lending institutions; (vii) the type and amount of collateral security to be provided to assure repayment of any loans from the municipality and to assure repayment

of bonds; and (viii) any other matters related to the purchase of home mortgages or the making of loans to lending institutions as shall be deemed relevant by the municipality; provided, however, that in no case shall any such lending institution charge and retain an origination fee in excess of 3% of the principal amount of any such home mortgage; and, further provided, that all such home mortgages shall bear a stated interest rate which, as of the business day immediately preceding the date of execution of a contract for the sale of the related bonds, is (a) at least 1½% less than the stated interest rate being charged as of such day by such lending institution for its 95% loan-to-value mortgage loans (computed on a weighted average basis if such lending institution has more than one such rate) or (b) if such lending institution does not regularly offer 95% loan-to-value mortgage loans, at least 1% less than the stated interest rate being charged as of such day by such lending institution for its 80% loan-to-value mortgage loans (computed on a weighted average basis if such lending institution has more than one such rate).

(4) To require from each lending institution from which home mortgages are purchased or to which loans are made the submission, at the time of such purchase or loan, of evidence satisfactory to the municipality of the ability and intention of such lending institution to make home mortgages, and the submission, within the time specified by the municipality for making disbursements for home mortgages, of evidence satisfactory to the municipality of the making of home mortgages and of compliance with any standards and requirements established by the municipality; in connection therewith, the municipality may inspect the books and records of such lending institutions.

(c) *Bonds.* The municipality shall have the power:

(1) To issue its bonds to defray, in whole or in part, the development costs of any residential development; to issue its bonds to defray, in whole or in part, the costs of purchasing, or funding the making of, home mortgages including, but not limited to, the costs of studies and surveys, insurance premiums, underwriting fees, legal, accounting and marketing services incurred in connection with the issuance and sale of such bonds, including bond and interest reserve accounts and trustee, custodian and rating agency fees; and to designate appropriate names for such bonds. The municipality need not acquire or hold title to or any interest in a residential development or home mortgages.

(2) To rent, lease, sell or otherwise dispose of any residential development or home mortgages, in whole or in part, or to loan sufficient funds to any person to defray, in whole or in part, the development costs of any residential development or the costs of purchasing home mortgages, so that the rents or other revenues to be derived with respect to the residential development or home mortgages, together with any insurance proceeds, reserve accounts and earnings thereon shall be designed to produce revenues and receipts at least sufficient to provide for the prompt payment at maturity of principal, interest and redemption premiums, if any, upon all bonds issued to finance such costs.

(3) To pledge any revenues and receipts to be received from any residential development or home mortgages to the punctual payment of bonds authorized under this Ordinance, and the interest and redemption premiums, if any, thereon.

(4) To mortgage, pledge or grant security interests in any residential development, home mortgages, notes or other property in favor of the holder or holders of bonds issued therefor.

(5) To sell and convey any residential development or home mortgages, including, without limitation, the sale and conveyance thereof subject to a mortgage, pledge or security interest, if any, as provided in the ordinance relating to the issuance of the bonds for such prices and at such times as the governing body of the municipality may determine.

(6) To issue its bonds to refund in whole or in part at any time bonds theretofore issued by the municipality under authority of this Ordinance.

(7) To apply for and accept on its own behalf or on behalf of any person, advances, loans, grants, contributions, guarantees, rent supplements, mortgage assistance and any other form of financial assistance from the federal government, the state, any county or municipality, or any other public or quasi-public body, corporation or foundation, or from any other source, public or private, including any person, for any of the purposes of this Ordinance, and to include in any contract for financial assistance such conditions as it may deem reasonable and appropriate and which are not inconsistent with the purposes of this Ordinance.

(8) To make and execute contracts and other instruments necessary or convenient to the exercise of any of the powers granted herein.

(9) Bonds shall not be issued hereunder unless they receive at least an "A" rating from one of the nationally recognized rating agencies.

7-88. *Plan, Exercise of Powers, Bonds.* Any ordinance authorizing the issuance of bonds authorized under this Ordinance shall require the submission of a program for residential development.

The exercise of any or all powers granted by this Ordinance may be authorized and the bonds may be authorized to be issued under this Ordinance for the purposes set forth in this Ordinance, by ordinance of the governing body of the municipality, and, provided that each such ordinance shall have been considered by the Finance Committee of the governing body of the municipality prior to its final adoption, shall take effect immediately upon adoption. Any such ordinance shall set forth a legislative finding and declaration (i) of the public purpose therefor and (ii) that such ordinance is being enacted pursuant to the powers granted by this Ordinance.

The bonds shall bear interest at such rate or rates, may be payable at such times, may be in one or more series, may bear such date or dates, may mature at such time or times not exceeding 40 years from their respective dates, may be payable in such medium of payment at such place or places, may carry such registration privileges, may be subject to such terms of redemption at such premiums, may be executed in such manner, may contain such terms, covenants and conditions, and may be in such form, either coupon or registered, as such ordinance may provide. The bonds may be sold at public or private sale in such manner and upon such terms as may be provided in such ordinance. Pending the preparation of definitive bonds, interim receipts or certificates in such form and with such provisions as may be provided in such ordinance, may be issued to the purchaser or purchasers of bonds sold pursuant to this Ordinance. The bonds and interim receipts or certificates shall be deemed to be securities and negotiable instruments within the meaning and for all purposes of the "Uniform Commercial Code."

7-89. *Covenants in Bonds.* Any ordinance authorizing the issuance of bonds under this Ordinance may contain covenants as to (a) the use and disposition of the revenues and receipts from any residential development or home mortgages for which the bonds are to be issued, including the creation and maintenance of reserves; (b) the issuance of other or additional bonds relating to any residential development or any rehabilitation, improvements, renovations, enlargements or additions thereto; (c) the maintenance and repair of such residential development or any homes; (d) the insurance to be carried on any residential development, home, home mortgage or bonds and the use and disposition of insurance moneys; (e) the appointment of one or more banks or trust companies within or outside the State of Illinois, having the necessary trust powers, as trustee and/or custodian for the benefit of the bondholders, paying agent or bond registrar; (f) the investment of any funds held by such trustee or custodian; (g) the maximum interest rate payable on any home mortgage; and (h) the terms and conditions upon which the holders of the bonds or any portion thereof or any trustees therefor, are entitled to the appointment of a receiver by a court of competent jurisdiction, and said terms and conditions may provide that the receiver may enter and take possession of the residen-

tial development or home mortgages, or any part thereto, and maintain, lease, sell or otherwise dispose of such development or mortgages, prescribe rentals or other payments and collect, receive and apply all income and revenues thereafter arising therefrom. Any ordinance authorizing the issuance of bonds under this Ordinance may provide that the principal of and interest on any bonds issued under this Ordinance shall be secured by a mortgage, pledge, security interest, insurance agreement or indenture of trust covering such residential development or home mortgages for which the bonds are issued and may include any improvements or extensions thereafter made. Such mortgage, pledge, security interest, insurance agreement or indenture of trust may contain such covenants and agreements to properly safeguard the bonds as may be provided for in the ordinance authorizing such bonds and shall be executed in the manner as may be provided for in the ordinance. The provisions of this Ordinance and any such ordinance and any such mortgage, pledge, security interest or indenture of trust shall constitute a contract with the holder or holders of the bonds and continue in effect until the principal of, the interest on, and the redemption premiums, if any, on the bonds so issued have been fully paid or provision made therefor, and the duties of the municipality and its corporate authorities and officers under this Ordinance and any such ordinance and any such mortgage, pledge, security interest or indenture of trust shall be enforceable as provided therein by any bondholder by mandamus, foreclosure of any such mortgage, pledge, security interest or indenture of trust or other appropriate suit, action or proceeding in any court of competent jurisdiction; provided the ordinance or any mortgage, pledge, security interest or indenture of trust under which the bonds are issued may provide that all such remedies and rights to enforcement may be vested in a trustee (with full power of appointment) for the benefit of all the bondholders which trustee shall be subject to the control of such number of holders or owners of any outstanding bonds as provided therein.

7-90. *Signatures of Officers on Bonds—Validity of Bonds.* The bonds shall bear the manual or facsimile signatures of such officers of the municipality as may be designated in the ordinance authorizing such bonds and such signatures shall be the valid and binding signatures of the officer of the municipality, notwithstanding that before the delivery thereof and payment therefor any or all of the persons whose signatures appear thereon have ceased to be officers of the municipality issuing such bonds. The validity of the bonds is not dependent on nor affected by the validity or regularity of any proceedings relating to the residential development or home mortgages for which the bonds are issued. The ordinance authorizing the bonds may provide that the bonds shall contain a recital that they are issued pursuant to this Ordinance, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

7-91. *Lien of Bonds.* Bonds issued under this Ordinance may be secured by a pledge of or lien upon the revenues and receipts derived from the residential development or home mortgages or from any notes or other obligations of lending institutions with respect to which the bonds have been issued, and the governing body may provide in the ordinance authorizing such bonds for the issuance of additional bonds to be equally and ratably secured by a lien upon such revenues and receipts or may provide that the lien upon such revenues and receipts is subordinate.

7-92. *Liability for Bonds.* All bonds issued under and pursuant to this Ordinance shall be limited obligations of the municipality payable solely out of the revenues and receipts derived from the residential development or home mortgages or from any notes or other obligations of lending institutions with respect to which such bonds are issued. No holder of any bonds issued under this Ordinance has the right to compel any exercise of taxing power of the municipality to pay the bonds, the interest or redemption premium, if any, thereon, and the bonds shall not constitute an indebtedness of the municipality or a loan of credit thereof within the meaning of any constitutional or statutory provision, nor shall the bonds be construed to create any moral obligation on the part of the municipality or any political subdivision thereof with respect to the payment of such bonds. It shall be plainly stated on the face of each bond that it has been issued under the provisions of this Ordinance and that it does not constitute an indebtedness of the municipality or a loan of credit thereof within the meaning of any constitutional or statutory provisions.

7-93. *Investment of Funds.* The municipality, or any trustee or custodian on behalf of the municipality, may invest any funds held by it as provided in the ordinance authorizing the issuance of the bonds.

7-94. *Exception from Construction and Bidding Requirements for Public Buildings.* The acquisition, construction or rehabilitation of a private residential development or a home shall not be subject to any requirements relating to public buildings, structures, grounds, works or improvements imposed by the Illinois Revised Statutes or any other similar requirements which may be lawfully waived by this section and any requirement of competitive bidding or restriction imposed on the procedure for award of contracts for such purpose or the lease, sale or other disposition of property of the municipality is not applicable to any action taken under authority of this Ordinance.

7-95. *Prohibition of Discrimination.* No person engaged in activities or transactions contemplated in this Ordinance shall discriminate against any person on the basis of race, color, religion, sex, creed, ancestry, national origin, or physical or mental handicap in connection with such activities or transactions. Any agreement pursuant to which a lending institution originates, makes or services home mortgages pursuant to this Ordinance shall contain the substance of the following clause:

> This institution will not arbitrarily reject mortgage loans for residential properties within a specific geographic area in Chicago because of the location and/or age of the property, or in the case of a proposed borrower, arbitrarily vary the terms of those loans or the application procedures for those loans because of race, color, religion, national origin, age, sex or marital status. In addition, the institution will make loans available on low and moderate income residential property in the neighborhoods of the City of Chicago within the limits of its legal restrictions and prudent financial practices.

The lending institution shall report to the municipality and the governing body of the municipality for the period and as specified in any ordinance authorizing bonds to be issued hereunder, at least the following information:

(a) Number of mortgages granted;

(b) Number and amount of mortgages by census tract; and

(c) The adjusted gross income of all mortgagors for the previous year.

7-96. *Powers Conferred as Additional and Supplemental; Limitations Imposed—Effect.* The powers conferred by this Ordinance are in addition and supplemental to, and the limitations imposed by this Ordinance shall not affect, the powers conferred by any other ordinance. Residential developments and home mortgages may be acquired, purchased, constructed, reconstructed, rehabilitated, improved, bettered, equipped, extended and financed, and bonds may be issued under this Ordinance for such purposes, notwithstanding that any law or any other ordinance may provide for the acquisition, purchase, construction, reconstruction, rehabilitation, improvement, equipping, betterment, extension and financing of a like residential development or like home mortgages, or the issuance of bonds for like purposes, and without regard to the requirements, restrictions, limitations or other provisions contained in any law or any other ordinance.

7-97. *Severability Clause.* The provisions of this Ordinance are severable and if any of its provisions or any sentence, clause or paragraph shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

7-98. *Construction of Ordinance.* This Ordinance is necessary for the health, welfare and safety of the municipality and its inhabitants; therefore, it shall be liberally construed to effect its purposes.

Section 2. This Ordinance shall take effect upon adoption and approval by the Mayor.

Section 1. The following words and terms as used in this ordinance shall have the following meanings unless the context clearly indicates another or different meaning or intent:

"Association" shall mean First Federal Savings and Loan Association of Chicago and any surviving, resulting or transferee corporation as permitted by the Sale and Service Agreement.

"Trustee" shall mean First Wisconsin Trust Company and any successor acting as such under the Indenture.

Section 2. Pursuant to the Act, the City does hereby authorize the financing of the acquisition of the Mortgage Loans in accordance with the terms of the Sale and Service Agreement and does hereby find and declare that this ordinance is being enacted pursuant to the powers granted by the Act and that the issuance of the Bonds is for the public purposes as set forth in the Act.

Section 3. To provide for the financing of the cost of the acquisition of the Mortgage Loans, the City does hereby authorize the issuance of revenue bonds of the City under the Act, to be designated "CITY OF CHICAGO, Cook County, Illinois, Single Family Mortgage Revenue Bonds (First Federal Savings and Loan Association of Chicago—Originator and Servicer), 1978 Series A" in the aggregate principal amount of up to $100,000,000. The Bonds shall be issued in the forms and denominations set forth in the Indenture; shall be dated, except as otherwise provided in the Indenture, July 1, 1978; shall be numbered as provided in the Indenture; shall mature serially as provided in the Indenture, but not later than July 1, 2009; shall bear interest payable semi-annually at a rate or rates of not to exceed eight and one half per cent (8½%) per annum; shall be subject to redemption prior to maturity upon the terms and conditions set forth in the Indenture; and shall be sold to the underwriters at a price of not less than 97% of the aggregate principal amount thereof plus accrued interest thereon from July 1, 1978 to the Closing Date (as defined in the Bond Purchase Agreement). Section 4. The Bonds shall be limited obligations of the City and, except to the extent payable from Bond proceeds, certain insurance proceeds or moneys from the investment thereof, shall be payable solely from the revenues and receipts and other amounts received by or on behalf of the City pursuant to the Sale and Service Agreement. The Bonds and interest thereon shall not be deemed to constitute a debt or liability of the City, the State of Illinois or any political subdivision thereof, and their issuance shall not, directly or indirectly or contingently, obligate the City or any political subdivision

thereof to levy any form of taxation therefor or to make any appropriation for their payment, nor shall the Bonds be construed to create any moral obligation on the part of the City or any political subdivision thereof with respect to their payment. Nothing in the Bonds or in the Indenture or the proceedings of the City authorizing the issuance of the Bonds or in the Act shall be construed to authorize the City to create a debt of the City or any political subdivision thereof within the meaning of any constitutional or statutory provision of the State of Illinois. The nature of the obligation represented by the Bonds is as more fully set forth in the Indenture.

Section 5. The Bonds shall be executed on behalf of the City in the manner provided in the Indenture. If any of the officers who shall have signed or sealed any of said Bonds shall cease to be such officers of the City before the Bonds so signed and sealed shall have been actually authenticated by the Custodian or delivered by the City, such Bonds nevertheless may be authenticated, issued and delivered with the same force and effect as though the person or persons who signed or sealed such Bonds had not ceased to be such officer or officers of the City; and also any such Bonds may be signed and sealed on behalf of the City by those persons who, at the actual date of the execution of such Bonds, shall be the proper officers of the City, although at the nominal date of such Bonds any such person shall not have been such officer of the City.

Section 6. The Indenture is hereby approved in substantially the form attached hereto as Exhibit A, and the Mayor or the Comptroller of the City is hereby authorized to execute, acknowledge and deliver the Indenture, attested by the City Clerk, with such changes therein as shall be approved by such persons executing such document, their execution to constitute conclusive evidence of such approval, and the City Clerk is hereby authorized to affix to the Indenture the corporate seal of the City.

Section 7. The Sale and Service Agreement between the City and the Association is hereby approved in substantially the form attached hereto as Exhibit B, and the Mayor or Comptroller of the City are hereby authorized to execute, acknowledge and deliver the Sale and Service Agreement, attested by the City Clerk, with such changes therein as shall be approved by such persons executing such document, their execution to constitute conclusive evidence of such approval; provided, however, that the Administrative Fee provided for therein shall not exceed an amount equal to a monthly fee of one-twelfth of ¼ of 1% of the unpaid balance on each Mortgage Loan and the Service Fee provided for therein shall not exceed an amount equal to a monthly fee of one-twelfth of ½ of 1% of the unpaid balance on each Mortgage Loan; and, provided further, the origination fee to be charged and retained by the Association in connection with each Mortgage Loan pursuant to the Sale and Service Agreement shall not exceed 2% of the principal amount of the Mortgage Loan. The City Clerk is hereby authorized to affix to such document the corporate seal of the City. Section 8. The Bond Purchase Agreement is hereby approved in substantially the form attached hereto as Exhibit C, and the Mayor or Comptroller of the City are hereby authorized upon receipt of the Inducement Letter (substantially in the form attached hereto as Exhibit D) to execute and deliver the Bond Purchase Agreement on behalf of the City with such changes and completions therein with respect to interest rates, redemption provisions and the sale price of the Bonds (subject to the limitations set forth in Section 3 hereof) as shall be approved by such person executing the document, his execution to constitute conclusive evidence of such approval, and the sale of the Bonds pursuant to the Bond Purchase Agreement is hereby authorized.

Section 9. The Mayor or the Comptroller are hereby authorized to prepare, execute and deliver an Official Statement for and on behalf of the City pursuant to the Bond Purchase Agreement. Notwithstanding the authority herein granted to the Mayor and the Comptroller, such authorized officials may in their absolute discretion determine not to execute and deliver any Bond Purchase Agreement

even though the same shall comply with this ordinance and the Act, in which event the City shall have no obligation whatsoever with respect thereto.

Section 10. The interest rate on the Mortgage Loans shall be as specified and provided in the Sale and Service Agreement, it being understood that the difference between the interest rate on the Mortgage Loans and the interest rates on the Bonds represents the costs of insurance premiums, amortized costs of the expenses of issuing the Bonds, fees of servicing and administering the Mortgage Loans, Trustee and Custodian fees, and amortized amounts to secure the payment of the Bonds; provided that the annual interest rate on any Mortgage Loan shall not be greater than 2% more than the highest interest rate stated on the face of any Bond issued pursuant to this ordinance.

Section 11. The authorized officials of the City are hereby empowered to execute and deliver the Bonds and all documents and other instruments which may be required under the terms of the Bond Purchase Agreement, the Inducement Letter, the Indenture, the Sale and Service Agreement and this ordinance. For purposes of this section "authorized officials of the City" shall mean the Mayor, Comptroller or City Clerk.

Section 12. The Sale and Service Agreement shall contain the substance of the following clause:

The Association will not arbitrarily reject mortgage loans for residential properties within a specific geographic area in Chicago because of the location and/or age of the property, or, in the case of a proposed borrower, arbitrarily vary the terms of those loans or the application procedures for those loans because of race, color, religion, national origin, age, sex or marital status. In addition, the Association will make loans available on low and moderate income residential property in the neighborhoods of the City of Chicago within the limits of its legal restrictions and prudent financial practices.

The Association shall report to the City and the City Council quarterly from July 1, 1978 to August 1, 1979 the following information:

(1) Number of mortgages granted;

(2) Number and amount of mortgages by census tract; and

(3) The adjusted gross income of all mortgagors for the previous year.

Section 13. This ordinance shall become effective immediately upon its adoption and approval.

and bearing interest on the unpaid principal installments at the rate of six and one-half per cent (6-½%), payable semiannually on the first day of each November and May. Interest shall be computed on the basis of a year of 365 or 366 days, as may be appropriate from the date hereof until maturity on the principal amount from time to time remaining unpaid. The Bond shall bear interest on any overdue principal at the rate of 8% per annum until paid, to the maximum extent permitted by law. Both principal hereof and interest hereon are payable in immediately available funds at the principal office of Northwest National Bank of Chicago (the "Bank"), in the City of Chicago, Illinois.

Payments of principal and interest, including prepayments of principal installments, shall be noted on the Payment Record—Schedule "A" made a part of this Bond as provided in the Ordinance hereinafter identified pursuant to which the Bond is issued.

This Bond is issued in the principal sum of $750,000 pursuant to the hereinafter described Enabling Ordinance and to an Ordinance duly adopted by the governing body of the Issuer (the "Ordinance") for the purpose of providing funds to finance the cost of acquiring and constructing land, buildings, machinery, equipment and improvements (such land, buildings, machinery, equipment, improvements and related property being hereinafter called the "Project") and paying expenses incidental thereto, to the end that the Issuer may be able to relieve conditions of unemployment and encourage the increase of industry within the City of Chicago, Illinois. The proceeds of the Bond will be used by the Issuer to pay or reimburse Enco Manufacturing Company, a corporation incorporated and existing under the laws of the State of Illinois (hereinafter called the "Company") for the costs of acquisition and construction of the Project, under the terms of a Lease Agreement dated as of May 1, 1978 (which agreement, as from time to time supplemented and amended, is hereinafter referred to as the "Agreement").

This Bond is secured by a pledge and assignment of revenues and receipts derived by the Issuer pursuant to the Agreement and a mortgage on the Project, as more fully described in the Ordinance. Reference is made to the Ordinance for a description of the provisions, among others, with respect to the nature and extent of the security, the rights, duties and obligations of the Issuer, the rights of the owners of the Bond, and the terms on which the Bond is or may be issued and to all the provisions of which the owner hereof by the acceptance of this Bond assents.

All principal installments of this Bond or portion thereof designated for prepayment will cease to bear interest on the specified prepayment date, provided funds for their prepayment are on deposit at the place of payment at that time.

This Bond is issued pursuant to and in full compliance with the Constitution and laws of the State of Illinois, particularly Chapter 15.2 of the Municipal Code of the City of Chicago, as supplemented and amended (the "Enabling Ordinance"). This Bond and the obligation to pay interest thereon are limited obligations of the Issuer, secured by a mortgage and payable solely out of the revenues and receipts derived by the Issuer from the Agreement and otherwise as provided in the Ordinance and Agreement. The Bond and the obligation to pay interest thereon shall not be deemed to constitute an indebtedness or a loan of credit of the Issuer, the State of Illinois or any political subdivision thereof, or a charge against their general taxing powers, within the meaning of any constitutional or statutory provision of the State of Illinois, but shall be secured by a mortgage and payable solely from the revenues and receipts derived by the Issuer from the Agreement. Pursuant to the provisions of the Agreement, payments sufficient from the prompt payment when due of the principal installments of and interest on this Bond are to be paid by the Company to the Bank for the account of the Issuer and deposited in a special account created by the Issuer and designated "City of Chicago, Illinois Bond Fund (Enco Manufacturing Company Project)", and all revenues and receipts under the Agreement have been duly pledged and assigned to the Bank for that purpose, under the Ordinance to secure payment of such principal installments and interest.

In certain events, on the conditions, in the manner and with the effect set forth in the Ordinance, the principal installments of this Bond may become or may be declared due and payable before the stated maturity thereof, together with interest accrued thereon.

Moneys in the Acquisition and Construction Fund shall be expended in accordance with the provisions of the Agreement, and particularly Section 4.3 thereof.

The Bank, as depositary, shall keep and maintain adequate records pertaining to the Acquisition and Construction Fund and all disbursements therefrom, and after the Project has been completed and a certificate of payment of all costs filed as provided in this Section, the Bank shall deliver copies of such records to the Issuer and the Company.

The completion of the Project and payment of all costs and expenses incident thereto shall be evidenced by the filing with the Issuer and the Bank of a certificate of the Authorized Lessee Representative required by Section 4.4 of the Agreement. Any moneys thereafter remaining in the Acquisition and Construction Fund shall be applied in accordance with Section 4.3 of the Agreement.

Acquisition of Project and Payment of Amounts Under the Agreement

SECTION 6. It is the declared intention of the Issuer to acquire the Project, to authorize the disbursement of the proceeds of the Bond in order to finance the acquisition, construction and installation of the Project, and to lease or sell the Project to the Company under and pursuant to the Agreement in substantially the form which has been presented to and is hereby approved by the governing body of the Issuer and which is now on file in the official records of the Issuer.

The Mayor is hereby authorized to execute and acknowledge said Agreement for and on behalf of the Issuer, and the City Clerk is hereby authorized to attest same and to affix thereto the corporate seal of the Issuer.

Said Agreement and the revenues and receipts thereof, including all moneys received under its terms and conditions, are to be sufficient to pay the principal installments of and interest on the Bond hereby authorized and are hereby pledged and ordered paid into the Bond Fund. The Agreement provides that the Company shall remit the required rent payments thereunder directly to the Bank for the account of the Issuer for deposit in said Bond Fund and such provision is hereby expressly approved.

Revenues; Bond Fund

SECTION 7. The Bond and all payments required of the Issuer hereunder are not general obligations of the Issuer but are special and limited obligations secured by a mortgage and payable by the Issuer solely and only out of the revenues and receipts derived from the Agreement as provided herein.

There is hereby created by the Issuer and ordered established with the Bank, as depositary, a special fund to be designated "City of Chicago, Illinois Bond Fund (Enco Manufacturing Company Project)" (herein sometimes referred to as the "Bond Fund"), which shall be used to pay the principal installments of and the interest on the Bond.

There shall be deposited into the Bond Fund, as and when received, (a) a sum equal to the accrued interest paid by the purchaser of the Bond; (b) any amount remaining in the Acquisition and Construction Fund to the extent provided in Section 4.3 of the Agreement; (c) all prepayments specified in Article X of the Agreement; (d) all rental payments and other amounts paid by the Company pursuant to Section 5.3 of the Agreement; and (e) all other moneys received by the Bank under and pursuant to any of the provisions of the Agreement. The Bank is authorized and directed to apply amounts available therefor in the Bond Fund to the payment when due of the principal of and interest on the Bond.

The Issuer covenants and agrees that should there be a default under the Agreement, the Issuer shall fully cooperate with the Bank and with the owners of the Bond to the end of fully protecting the rights and security of such owners. Nothing herein shall be construed as requiring the Issuer to operate the Project or to use any funds or revenues from any source other than funds and revenues derived from the Agreement.

Any amounts remaining in the Bond Fund, after payment in full of the principal installments of and interest on the Bond (or provision for payment thereof as provided in this Ordinance) and the charges and expenses of the Bank, shall be paid to the Company upon the expiration or sooner termination of the term of the Agreement as provided herein and in Section 11.4 of the Agreement.

Assignment and Mortgage

SECTION 8. As security for the due and punctual payment of the principal installments of and interest on the Bond hereby authorized the Issuer hereby assigns and pledges to the Bank all revenues and receipts derived by the Issuer pursuant to the Agreement (except any payment made pursuant to Section 7.5 of the Agreement relating to indemnification of the Issuer by the Company) and all rights and remedies of the Issuer under the Agreement to enforce payment thereof including a security interest in the Project, and as evidence of such assignment, pledge, and security interest and of the agreement of the Bank to accept its responsibilities with respect to the Bond Fund created pursuant to Section 7 hereof, the Mayor is hereby authorized to execute for and on behalf of the Issuer, the Assignment and the City Clerk is hereby authorized to attest the same and to affix thereto the corporate seal of the Issuer, and the Mayor and City Clerk are authorized and directed to cause the Assign-

ment to be executed by the Bank, with the Assignment to be in substantially the form which has been presented to and is hereby approved by the governing body of the Issuer and which is now on file in the official records of the Issuer.

The Mortgage shall be in substantially the form which has been presented to and is hereby approved by the governing body of the Issuer and which is now on file in the official records of the Issuer.

Investments; Arbitrage

SECTION 9. Any moneys held as part of the Acquisition and Construction Fund created pursuant to Section 5 hereof, may be invested or reinvested on the direction of the Authorized Lessee Representative, in accordance with the provisions of Section 4.8 of the Agreement. Any such investment shall be held by or under control of the Bank and shall be deemed at all times a part of the Acquisition and Construction Fund and the interest accruing thereon and any profit realized from such investments shall be credited to such fund, and any loss resulting from such investments shall be charged to such fund, which loss shall be an obligation of the Company as provided in the Agreement.

As and when any amount invested pursuant to this Section may be needed for disbursement, the Company may direct the Bank to cause a sufficient amount of the investments to be sold and reduced to cash to the credit of such funds regardless of the loss on such liquidation.

With respect to Section 103(c) of the Code, the Company has made certain certifications and representations to the Issuer in Section 4.9 of the Agreement, which certifications and representations by this reference are incorporated herein and made a part hereof and the governing body of the Issuer, acting in reliance on such certifications and representations, adopts and ratifies such certifications and representations and hereby covenants with the purchaser and the owners of the Bond that so long as any principal installment of the Bond remains unpaid, the governing body of the Issuer will not take or authorize the taking of any action which will cause the Bond to be classified as an "arbitrage bond" within the meaning of Section 103(c) of the Code and any lawful regulations promulgated or proposed thereunder, including Section 1.103-13 and Section 103(c) of the Code and any lawful regulations promulgated or proposed thereunder, including Section 1.103-13 and Section 103(c) of the Code and any lawful regulations promulgated or proposed thereunder, including Section 1.103-13 and Section 1.103-14 of the Income Tax Regulations (26 CFR Part 1) as the same presently exist, or may from time to time hereafter be amended, supplemented or revised.

The Bond and the obligation to pay interest thereon are limited obligations of the Issuer, secured by a mortgage and payable solely out of the revenues and receipts derived by the Issuer from the Agreement and otherwise as provided herein and in the Agreement. The Bond and the obligation to pay interest thereon shall not be deemed to constitute an indebtedness or a loan of credit of the Issuer, the State of Illinois or any political subdivision thereof, or a charge against their general taxing powers, within the meaning of any constitutional or statutory provision of the State of Illinois.

The Issuer covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Ordinance, in the Bond and in all proceedings of its governing body pertaining thereto. The Issuer covenants that it will execute, acknowledge and deliver such instruments, financing statements and other documents as the owners of the Bond or the Bank may reasonably require for the better assuring, granting, pledging and assigning unto the Bank the interest of the Issuer in the Project, as well as the rights of the Issuer in and to the revenues and receipts hereby assigned and pledged to the payment of the principal installment of and interest on the Bond. The Issuer covenants and agrees that, except as herein and in the Agreement provided, it will not sell, convey, mortgage, encumber or otherwise dispose of any part of the revenues and receipts derived from the Agreement, or of its rights under the Agreement.

The Issuer covenants and agrees that all books and documents in its possession relating to the Project and the revenues and receipts derived from the Agreement shall at all reasonable times be open to inspection by the owners of the Bond or such accountants or other agencies as such owners may from time to time designate.

The Issuer covenants and agrees that it shall through the Bank enforce all of its rights and all of the obligations of the Company under the Agreement for the benefit of the owners of the Bond. (a) Default in the due and punctual payment of any interest on the Bond or of any principal installments of the Bond, whether at the stated maturity thereof, or upon proceedings for prepayment thereof.

(b) Any event of default under Section 9.1 of the Agreement shall have occurred.

Upon the occurrence of an event of default and so long as such event is continuing, the Bank by notice in writing delivered to the Issuer and the Company, may declare the principal installments of the Bond and the interest accrued thereon immediately due and payable, and such principal installments and interest shall thereupon become and be immediately due and payable. Upon any such declaration all payments under the Agreement from the Company immediately shall become due and payable as provided in Section 5.3 of the Agreement.

If Tenant shall vacate or abandon the premises, or any part thereof, or permit the same to remain vacant or unoccupied, or in the case of the nonpayment of the rent and charges reserved hereby or any part thereof or of the breach of any covenance contained in this agreement. Tenant's right to the possession of the premises thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant shall constitute a forcible detainer of said premises, and if the Landlord so elected, but not otherwise, this agreement shall thereupon terminate.

Upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsoever, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof.

Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise contained in said agreement, to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to Landlord and Tenant, or any other statute, or by the common law during the terms of this agreement.

The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default to be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State attorney for it and, in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof.

Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraphs hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises.

The Landlord may collect and receive any rent due from Tenant and payment or receipts thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Upon the occurrence of such an event, it is understood and agreed that the Landlord shall give Tenant a written notice thirty (30) days in advance. Tenant shall be entitled to cancel this agreement also by a thirty (30) day written cancellation notice to Landlord.

4. *Rental and Percentage Fee*

Tenant shall pay to Landlord as rent for the demised premises the sum of Sixty Thousand and No/100 Dollars ($60,000.00) per year, payable in advance in monthly installments of Five Thousand and No/100 Dollars ($5,000.00).

The term "gross receipts", as used herein, shall be construed to mean, for all purposes hereof, the aggregate amount of all aircraft sales and all parts and service sales transactions made on, in, or from the demised premises for cash, or credit, or otherwise, of every kind, name and nature, regardless of when or whether or not paid, excepting from the determination of said amount, any and all taxes or fees collected by Tenant on behalf of any governmental body or taxing agency or the City of Chicago.

Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying statement of sales and rents showing gross sales of ..... and total rents of ..... presents fairly the amount of gross sales and rentals, as defined in the lease, for the year ended ..... ."

If the opinion of the independent certified public accountant is qualified or conditional in any manner, the City Comptroller has the right to cause an audit to be performed at Tenant's expense.

5. *Records*

Upon request from the Comptroller, such books of account and records shall be made available to the Comptroller at a convenient location within the City of Chicago, Illinois.

b) Permit in ordinary business hours during the term of this agreement, and for any period thereafter during which such records shall be maintained in accordance with subparagraph 5(a) hereof, the examination and audit by the officers, employees, and representatives of Landlord of such records and books of account.

Any such assignment, transfer, sublease, license or permission when and if approved shall be in writing and promptly upon execution thereof, Tenant shall furnish two (2) copies to Landlord for its files.

8. *Training*

Tenant shall not use or otherwise permit the use of the demised premises for the purpose of hangaring, storing, or servicing aircraft used for the purpose of flight instruction at Chicago Midway Airport.

Accidental Damage or Injury

Lessor and Lessee shall not be liable for any damage to property or any injury to persons, sustained by Sublessee, its agents, employes, licensees or invitees caused by conditions or activities on or arising out of Sublessee's use of the leased premises. Sublessee agrees to indemnify and hold harmless Lessor and Lessee from any and all loss (including but not limited to property damage, bodily injury, illness or death) resulting from Sublessee's use of the leased premises and agrees to defend any suit and to assume full responsibility for the expense of investigation and/or settlement of any claim or legal action. If Lessor elects to rebuild or repair the premises and does so without unnecessary delay, Sublessee shall be bound by this lease, except that during the period of repair, the rent of the premises shall be abated in the same proportion that the portion of the premises rendered unfit for occupancy by Sublessee shall bear to the whole of the subleased premises. If Lessor fails to give notice of the intent to repair, Sublessee shall have the right to declare this sublease terminated.

Section Eight

Sublessee also agrees to submit an Economic Disclosure Statement to Lessor.

Section Nine

Subject to the obligations of Lessor under Article V of the original lease, Lessee, unless herein specified to the contrary, shall maintain the premises in good repair and tenantable condition during the continuance of this sublease, except in case of damage arising from acts or negligence of Sublessee or the agents of Sublessee.

Section Ten

Alterations, Additions, or Improvements

Sublessee shall not make any alterations, additions, or improvements on or to the premises without first obtaining the written consent of Lessee and the Department of Aviation, City of Chicago, and all alterations, additions, and improvements that shall be made shall be at the sole expense of Sublessee and shall become the property of Lessee and shall remain on and be surrendered with the premises as a part thereof at the termination of this sublease without disturbance, molestation, or injury. All signs or symbols placed in the windows or doors of the premises, or on any exterior part of the building by Sublessee, shall be subject to the approval of Lessee. If Sublessee shall place signs or symbols on the exterior of the building or in the windows or doors where they are visible from the street that are not satisfactory to Lessee, Lessee may immediately demand the removal of the signs or symbols, and the refusal by Sublessee to comply with any demand within a period of 24 hours will constitute a breach of this sublease and entitle Lessee immediately to recover possession of the premises in the manner provided by law. Any signs so placed on the premises shall be so placed on the understanding and agreement that Sublessee shall remove these signs or symbols at the termination of the tenancy herein created and repair any damage or injury to the premises caused thereby. If not so removed by Sublessee, then Lessee may have the signs or symbols removed at the expense of Sublessee.

Section Fourteen

Sales, Assignments, and Subleases

Sublessee shall not assign this sublease, or sell or sublet the premises subleased herein, or any part thereof or interest therein, without the prior written consent of Lessee. This sublease shall not be assigned by operation of law. If consent is once given by Lessee to the assignment of this sublease or sublease of the premises or any interest therein, Lessee shall not be barred from subsequently refusing to consent to any further assignment or sublease. Any attempt to sell, assign, or sublet without the consent of Lessee, shall be deemed as a default by Sublessee, entitling Lessee to re-enter pursuant to Section Nineteen if Lessee so elects.

Section Fifteen

Quiet Enjoyment

If Sublessee performs the terms of this sublease, Lessee will warrant and defend Sublessee in the enjoyment and peaceful possession of the premises during the term hereof without any interruption by Lessee or Lessor or either of them or any person rightfully claiming under either of them.

Section Sixteen

Consent of Lessor

Wherever this Sublease agreement provides for consent of Lessee, the consent of the Lessor, City of Chicago, shall also be required.

Section Seventeen

Option to Renew

Subject to the receipt by Lessee of 60 days written notice received prior to termination of this sublease, Sublessee is granted the option and privilege of extending and renewing the term of this sublease for an additional one year period upon the same terms as provided herein.

Section Eighteen

Default By Lessor or Lessee

If Lessor or Lessee fails or neglects to perform the sublease or the provisions of the original lease between them, then Sublessee may, after reasonable notice in writing of not less than 30 days, terminate this sublease.

Section Nineteen

Default of Sublessee

If any rents reserved, or any part thereof, shall be and remain unpaid when these rents shall become due, or if Sublessee violates or defaults in any of the provisions of this sublease, then Lessee may cancel this sublease by giving the notice required herein, and re-enter the premises. Notwithstanding any re-entry, the liability of Sublessee for the rent shall not be extinguished for the balance of the term hereof, and Sublessee shall make good to Lessee any deficiency arising from a re-entry and reletting of the premises at a reduced rental. Sublessee shall pay any deficiency on the first day of each month immediately following the month in which the amount of deficiency is ascertained by Lessee.

Sublessee shall, at the expiration of this sublease, surrender the keys to the premises to Lessee.

If Sublessee shall surrender the premises at the election of Sublessee, the liability for all duties and obligations required of Sublessee shall continue until the surrender has been accepted by Lessee in writing.

Section Twenty-Three

Removal of Personal Property

Sublessee shall have the right to remove all personal property, trade fixtures, and office equipment, whether attached to the premises or not, provided that these items can be removed without serious damage to the building or premises. All holes or damages to the building or premises caused by removal of any items shall be restored or repaired by Sublessee promptly. Sublessee shall be entitled to remove any electrical service connections installed by Sublessee that were designed specifically for Sublessee.

Section Twenty-Four

Any holding over at the expiration of this sublease with the consent of Lessee shall be on a month-to-month basis, which tenancy may thereafter be terminated as provided by the laws of the State of Illinois. During any holdover tenancy, Sublessee shall pay the same rate of rental on a monthly basis as is in effect at the time of the termination of this sublease and shall be bound by all the terms and conditions of this sublease.

Section Twenty-Five

Interest of Successors

The covenants and agreements of this sublease shall be binding on the successors and assigns of Lessee and on the successors and assigns of Sublessee but only to the extent herein specified.

The Tenant must inform the Landlord of the identity of the independent certified public accountant prior to the close of each lease year and such independent certified public accountant must be acceptable to the Landlord.

The following is an example of an opinion which would satisfy these requirements:

"We, a firm of independent certified public accountants, have examined the accompanying statement of sales and rents reported to the City of Chicago by X Company for the year ended ..... relating to aircraft sales, aircraft parts sales and service sales operations at Chicago Midway Airport pursuant to a lease between the City of Chicago and Monarch Air Service, Inc., dated December 31, 1975. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying statement of sales and rents showing gross sales of ..... and total rents of ..... presents fairly the amount of gross sales and rentals, as defined in the lease, for the year ended ....."

If the opinion of the independent certified public accountant is qualified or conditional in any manner, the City Comptroller has the right to cause an audit to be performed at Tenant's expense.

It is, therefore, agreed that except solely as hereinabove modified, changed and amended, the privileges, premises, terms, conditions and provisions of said agreement shall apply to, and shall govern, this amendment of said agreement and any and all further renewals or extensions thereof for any subsequent period which may be affected or made under and in accordance therewith.

Execution of this amendment authorized by ordinance of the City Council of the City of Chicago passed on the ..... day of ....., 19..., (C.J.P. pp. .....) which shall be the effective date hereof.

In Witness Whereof, the parties hereto have caused this instrument to be executed under their respective seals on the day and year first above written.

This Agreement, made and entered into as of this ....., by and between the City of Chicago, a municipal corporation of the State of Illinois (hereinafter referred to as "City") and Northwest Airlines, Inc. a corporation organized and existing under and by virtue of the laws of the State of Minnesota (hereinafter referred to as "Airline").

WITNESSETH:

Whereas, City operates the airport known as Chicago Midway Airport (a plat of said Airport being attached hereto marked Exhibit "A" and made a part hereof) situated in the County of Cook, State of Illinois (hereinafter, together with any additions thereto or enlargements thereof, whether or not made with corporate funds of City, Government Grants in Aid, as such terms are hereinafter defined, or any other funds of any nature whatsoever, referred to as the "Airport"), with the power to grant rights and privileges with respect thereto, as hereinafter provided; and

Whereas, Airline is engaged in the business of transporting persons, property, cargo and mail, or one or more thereof, by aircraft (hereinafter referred to as "air transportation") and desires to obtain certain rights and privileges with respect to the Airport, upon the terms and conditions hereinafter provided; and

Whereas, City is willing to grant to Airline such rights and privileges upon the terms and conditions hereinafter provided; and

Whereas, contemporaneously with the execution hereof, City and Airline have, among other things, entered into a Lease Agreement covering use by Airline of certain space and facilities in and adjoining the passenger terminal facilities at the Airport;

Now, Therefore, for and in consideration of the premises (which are incorporated into the body of this Agreement as fully as if they were set forth therein) and of the mutual covenants and agreements herein contained and other valuable considerations, City does hereby grant unto Airline, and Airline does hereby hire and take from City, rights and privileges hereinafter described in connection with and upon the Airport.

Article I

Airline shall have the right and privilege to operate at the Airport an air transportation system, which right and privilege shall, subject to rules and regulations promulgated by City in accordance with Article VIII hereof and to the payment of fees and charges hereinafter provided, include the use, in common with others authorized by City so to use, of the following areas and facilities now or hereafter provided at or adjacent to the Airport and available for common use:

(a) landing and take-off areas (including runways and landing strips) for aircraft;

(b) taxiway areas for aircraft;

(c) passenger and cargo ramp areas and facilities;

(d) aircraft parking areas and facilities;

(e) facilities for the purpose of controlling or assisting landings, take-offs and other movement of aircraft using the Airport, including, without limitation, control towers, floodlights, landing lights, beacons, signals, radio aids and all other conveniences and aids to operation, navigation or ground control of aircraft.

Such use by Airline includes the exercise of any and all of the following rights, subject to rules and regulations promulgated by City in accordance with Article VIII hereof:

(a) the right to land, take-off, fly and move aircraft operated by Airline;

(b) the right on the passenger and cargo ramp areas as designated from time to time by City as available for common use, to load and unload persons, property, cargo and mail upon or from aircraft operated by it or by any other scheduled air transportation company, by such means as may be reasonably necessary or convenient; provided, however, that Airline may not load or unload exclusive freight or cargo flights on the passenger ramp areas adjacent to the passenger terminal facilities at the Airport, and City agrees that it will not permit any other aircraft operator to load or unload exclusive cargo or freight flights on such passenger ramp areas;

(c) the right on the passenger and cargo ramp areas as designated from time to time by City as available for common use, to service aircraft and other equipment operated by Airline or by any other scheduled air transportation company, with gasoline, oil, greases, lubricants and other fuel or propellant, and with foods and beverages and other supplies and materials, by such means as may be reasonably necessary or proper;

(d) the right on the passenger and cargo ramp areas designated from time to time by City as available for common use, to repair, condition, maintain, test and park aircraft and other equipment operated by Airline or by any other scheduled air transportation company; provided, however, such repair, conditioning, maintenance and testing shall be limited to those activities at the time commonly considered routine ramp servicing (which term shall include the activities referred to in subparagraph (c) above); and provided further, parking of aircraft on such areas may be limited as provided in Article III hereof;

(e) the right to park aircraft on aircraft parking areas designated from time to time by City as available for common use; provided, however, parking of aircraft on such areas may be limited, as provided in Article III hereof;

(i) the right to purchase or otherwise obtain and use personal property of any nature (including aircraft, engines, accessories, gasoline, oil, greases, lubricants, other fuel or propellant, food, beverages, other equipment and supplies and any articles or goods) reasonably necessary or convenient for its operations from any supplier of its choice; and

(j) the right to conduct operations or activities other than those enumerated in subparagraphs (a) to (i), inclusive, of this paragraph, reasonably related to the landing, take-off, flying, movement, loading, unloading or ramp servicing of aircraft, which are reasonably necessary or convenient to the conduct by it of air transportation; provided, however, that all such operations and activities shall be subject to the approval of the Commissioner of Aviation, provided further, the exercise of such right does not interfere with City's operation of the Airport for the benefit of all aircraft using the Airport.

Provided, however, that the rights conferred under this Article I shall not be construed to authorize the conduct by Airline of any business separate from its operation of an air transportation system; and further provided, that the rights conferred under this Article I may be exercised by Airline alone or in conjunction with any other Airline Parties, directly or through another designated by it or them, excepting that the rights conferred by subparagraph (c) above to service aircraft and other equipment with gasoline, oil, greases, lubricants and other fuel or propellant may be exercised by Airline in conjunction with any other Airline Parties, either directly or through another designated by them, only with respect to aircraft and other equipment operated by Airline Parties.

Airline shall have the right and privilege to install and maintain and operate at such location on the Airport as may be approved by the Commissioner of Aviation, communication, meteorological and aerial navigation equipment and facilities as may be reasonably necessary or convenient to the conduct by it of air transportation, provided the exercise of such right and privilege does not interfere with City's operation of Airport for the benefit of all aircraft using the Airport.

Subject to rules and regulations promulgated by City in accordance with Article VIII hereof, Airline shall have the right and privilege over the Airport of ingress to and egress from (but not any other use of, except as authorized in this Agreement or in any other agreement between City and Airline) the areas and facilities described in this Article I for its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service, its or their equipment, vehicles, machinery and other property and except as in this Agreement or in any other agreement between City and Airline otherwise specifically provided, no charges, fees or tolls of any nature, direct or indirect, shall be imposed by City upon Airline, its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service for such right of ingress and egress, or for the privilege of purchasing, selling or using any materials or services purchased or otherwise obtained by Airline, as provided in subparagraphs (g) and (i) of this Section, or transporting, loading or handling persons, property, cargo or mail in connection with Airline's business or exercising any right or privilege granted by City hereunder. The foregoing shall not preclude City or its concessionaires from making and collecting a charge for the use of public automobile parking areas, sightseeing facilities or ground transportation to and from the Airport or preclude City from imposing any tax or permit or license fee not inconsistent with the rights and privileges granted to Airline hereunder.

This grant is not to be construed as a lease of any space in any passenger terminal building, any adjacent ramp area lease by City to any air transportation company or other person, firm or corporation, any hangar, any air cargo building, any fueling system or any other building constructed or to be constructed by City at the Airport. Any ramp area at the Airport leased by City to one or more air transportation companies, persons, firms or corporations shall not be considered to be a public ramp area or a ramp area available for common use.

Article II

Section 2.01. *Flight fees for landing of aircraft.* In connection with each fee landing at the Airport of each aircraft operated by it, Airline shall pay to City a fee of Twenty-five Cents (25¢) per 1000 pounds or fraction thereof of approved maximum landing weight per landing. The approved maximum landing weight of any aircraft shall mean the maximum landing weight approved by the Federal Aviation Administration for landing such aircraft at the Airport.

Each separate landing at the Airport of an aircraft (whether in connection with a revenue or a non-revenue flight) operated by Airline or others, shall be a "fee landing", except that a "fee landing" shall not include the following:

(a) any landing at the Airport of an aircraft which shall have taken off from the Airport and, without making a stop at any other airport, returns to and lands at the Airport because of meteorological conditions, mechanical or operating causes, or or any similar emergency or precautionary reason;

(b) any landing at the Airport of an aircraft returning to the Airport on a non-revenue flight from the Chicago-O'Hare International Airport, provided each such aircraft shall have taken off from the Airport on a non-revenue flight to Chicago-O'Hare International Airport without in either case making a stop at any other airport;

(c) any touch-and-go and similar operation in which an aircraft comes in contact with a runway at the Airport and without coming to a stop thereafter resumes flight by leaving the ground from the same runway and in the same direction;

(d) any landing of aircraft operated by the United States Government or the Illinois National Guard to the extent that under the terms and conditions of assurances pursuant to the Federal Airport Act, or any other prior or future Acts of Congress or of the General Assembly of the State of Illinois that may provide for Grants of Aid of airport development, such landing is to be without charge; or

(e) any landing at the Airport of helicopter aircraft operated in local service between the Airport and any point within a radius of fifty (50) miles from the Airport.

Section 2.02. *Flight Fee rate for others.* City covenants that during the term of this Agreement, it shall charge and assess landing fees on all other users of its Airport in amount not less than provided in Section 2.01 hereof, provided further, however that in no event shall such fee be less than $2.50 per landing.

Article III

In the event Airline shall park its passenger aircraft in any public passenger ramp area at the Airport not including however the parking area necessary for the use of Airline's Aircraft Operation Area as allocated to Airline on Exhibit "A" of Lease of Terminal Facilities for a period of more than forty-five (45) minutes, then at the discretion of City, removal of such aircraft may be directed by it and if upon the lapse of a fifteen (15) minute period after such direction, Airline shall fail to so remove its aircraft, it shall pay to City a fee of Five Dollars ($5.00) for each thirty (30) minutes or fraction thereof that such aircraft remains in such public passenger ramp area after such fifteen (15) minute period. In the event Airline shall park its cargo aircraft in any public cargo ramp area for a period of one hundred twenty (120) minutes, then at the discretion of City, removal of such aircraft may be directed by it and if upon the lapse of a fifteen (15) minute period after such direction, Airline shall fail to so remove such aircraft, it shall pay City a fee of Five Dollars ($5.00) for each thirty (30) minutes or fraction thereof that such aircraft remains in such public cargo ramp area after such fifteen (15) minute period.

City may charge Airline fees of not more than Ten Dollars ($10.00) for each twenty-four (24) hours or fraction thereof in excess of a free period of twenty-four (24) hours for the parking of its aircraft in public aircraft parking areas.

Article IV

City shall, within fifteen (15) days following the end of each calendar month, furnish to Airline a statement setting forth the amount of any Flight Fees and Aircraft Parking Fees payable by Airline hereunder for such month. The amount of any Flight Fees and Aircraft Parking Fees payable by Airline hereunder for any calendar month shall be due and payable by it on the last day of the next succeeding calendar month.

All amounts payable by Airline hereunder shall be paid to City at the office of the City Comptroller of City and any amount payable by Airline hereunder which is not paid when due shall bear interest at the rate of seven per cent (7%) per annum from the due date thereof until paid.

The payment by Airline to City of any amount thereunder and the acceptance thereof by City, shall not preclude either Airline or City from questioning, within a period of eighteen (18) months from the date of such payment by Airline, the accuracy of any statement on the basis of which such payment was made, or preclude City from making, within such period, any claim against Airline for any additional amount payable by Airline hereunder, or preclude Airline from making, within such period, any claim against City for credit for any excess amount paid by Airline hereunder.

Article V

Section 5.01. *Term.* The term of this Agreement shall be for a period commencing on January 1, 1978 and terminating on December 31, 1980.

Section 5.02. *Covenant to use Airport.* Airline covenants and agrees with City that subject to such orders, rules and regulations as may be promulgated from time to time by the Federal Government or any agency thereof, it will during each fiscal year use the Airport and provide fee landings of its aircraft at the Airport.

Article VI

Section 6.01. *Construction, maintenance and repair by Airline.* Airline may either alone, or jointly with any one or more other Airline Parties, construct or install such communication, meteorological and aerial navigation equipment as may be reasonably necessary or convenient to the conduct by Airline of air transportation, and such conduits, pits, covered trenches, ducts and other facilities, as may be reasonably necessary or convenient for power, light and communication purposes or for use in connection with the handling and servicing of aircraft, all as may be approved by the Commissioner of Aviation.

All such construction or installation by Airline shall be made in accordance with applicable laws and ordinances and after obtaining any requisite building or construction licenses or permits. Plans and specifications of any such proposed construction or installation (including any substantial alteration or addition, thereto) shall be submitted to and receive the approval of the Commissioner of Public Works prior to the commencement of construction or installation. Any structures, facilities and additions so constructed or installed by Airline shall be kept and maintained by it in good condition and repair. No restrictions, however, shall be placed upon Airline as to the architects, builders or contractors who may be employed by it in connection with any construction, installation, alteration, repair or maintenance of any such structures, facilities or additions.

Section 6.02. *Performance by City upon failure of Airline to maintain.* In the event Airline fails to perform for a period of thirty (30) days after notice from City so to do, any obligation required by this Article VI to be performed by Airline, City may do all things necessary to perform such obligation, charging the cost and expense thereof to Airline, and Airline agrees to pay City all such costs and expenses in addition to any other amounts payable by Airline hereunder; provided, however, that if Airline's failure to perform any such obligation endangers the safety of the public or of employees of City, and City so states in its notice to Airline, City may perform such obligation of Airline at any time after giving of such notice and charge to Airline, and Airline shall pay, as aforesaid, the cost and expense of said performance.

Article VII

Section 7.01. *Maintenance and operation of Airport.* City shall operate, maintain and keep in good repair the areas and facilities described in Article I hereof, excepting any structures or facilities constructed or installed by Airline pursuant to Article VI hereof. City shall keep the Airport free from obstruction, including the removal of snow, vegetation, stones and other foreign matter, as reasonably as may be done, from landing, take-off, public ramp, and public parking areas.

City shall operate and maintain the Airport in all respects in a manner consistent with that of a reasonably prudent operator of an airport and in accordance with standards and ratings for airports of similar size and character issued by the Federal Aviation Administration and with the rules and regulations of the Federal Aviation Administration and any other governmental authority having jurisdiction thereof. City shall operate the Airport in a manner so as to produce, subject to the provisions of this Agreement, revenues from the Airport of a nature and amount which would be produced by a reasonably prudent operator of an airport.

In the event any operator selected by City for the purpose of providing transportation service to and from the Airport of passengers and their baggage shall not furnish such transportation in a satisfactory and efficient manner, City shall, upon request of the Airlines Representative, use its best efforts to correct such situation, including, if required, the selection of another operator if City has authority to do so under the terms of the applicable concession agreement, to the end that such transportation service is performed in a satisfactory and efficient manner.

City shall supply adequate lighting for the Airport, including adequate landing lights, floodlights, beacons and other field lighting.

City shall use its best efforts to keep the Airport open and in operation for landing and take-offs of aircraft of any type using facilities similar to those at the Airport.

City shall maintain order at the Airport.

Section 7.02. *Enjoyment of Rights and Privileges.* City agrees that Airline, performing its obligations hereunder; shall be entitled to and shall have the enjoyment of the rights and privileges granted to it hereunder, subject to the provisions hereof.

City, however, shall not be liable to Airline for any loss of revenues to Airline resulting from any of the City's acts, omissions or neglect in the maintenance and operation or otherwise by it of the Airport or any facilities now or hereafter connected therewith.

Article VIII

Airline shall observe and obey all rules and regulations governing the conduct and operation of the Airport, promulgated from time to time by City, which are reasonably required for the prudent and efficient operation of the Airport and are not inconsistent with the reasonable exercise by Airline of any right or privilege granted to it hereunder or under any other agreement between Airline and City relating to the Airport or any part thereof, nor inconsistent with safety nor with the rules and regulations of any Federal or State agency having jurisdiction with respect thereto, nor inconsistent with the procedures prescribed or approved from time to time by the Federal Aviation Administration or any other governmental authority having jurisdiction over flight operations at the Airport.

City shall keep Airline supplied with five (5) sets of City's current Airport rules and regulations applicable to Airline. Except in cases of emergency, no such rule or regulation shall be applicable to Airline unless it has been given fifteen (15) days notice of the adoption thereof.

City, however, shall have no control over the rates, fares or charges that Airline may prescribe in connection with its conduct of an air transportation business.

Article IX

Nothing contained herein shall impair the right of City in the exercise of its governmental functions to require Airline to pay any tax or inspection fees or to procure necessary permits or licenses, provided such requirement is not inconsistent with the rights and privileges granted to Airline hereunder.

Nothing contained herein shall be deemed to be the grant of any franchise, license, permit or consent to Airline to operate motor coaches, buses, taxicabs or other vehicles carrying passengers or property for hire or other consideration over the public ways to and from the Airport.

Article X

Airline agrees to indemnify and hold City harmless from and against all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to or recovered from City by reason or on account of damage to the property of City or the property of, injury to or death of any person, arising from Airline's use and occupancy of and operations at the Airport, including acts of its agents, contractors and subcontractors, except when caused by City's sole negligence or by the joint negligence of City and any person other than Airline, its agents, contractors and subcontractors; provided that City shall give Airline prompt and timely notice of any claim made or suit instituted which, in any way, affects Airline or its insurer, and Airline or its insurer shall have the right to compromise and defend the same to the extent of their own interests. Any final judgment rendered against City for any cause for which Airline is liable hereunder shall be conclusive against Airline as to liability and amount.

Airline shall, at its own expense, keep in force insurance of the following types and in not less than the following amounts, issued by a company or companies of sound and adequate financial responsibility, insuring Airline and City against all liabilities for accidents arising out of or in connection with Airline's use and occupancy of and operations at the Airport, except when caused by City's negligence alone or jointly with any person other than Airline, its agents, contractors and subcontractors, and shall furnish to City certificates evidencing such insurance, naming City as an additional assured thereunder, subject to the limitations set forth above in respect of City's negligence, to-wit:

Aircraft Public Liability Insurance	$ 100,000 per person $1,000,000 per accident
Aircraft Property Damage Insurance	$ 200,000 per accident
Comprehensive Public Liability Insurance	$ 100,000 per person $ 250,000 per accident
Comprehensive Property Damage Insurance	$ 100,000 per accident

If pursuant to any other agreement between Airline and City, Airline is complying with requirements identical with those of this Section, such compliance shall also serve as compliance with the requirements of this Section.

Article XI

City shall follow such procedures and keep and maintain such books, records and accounts as may be necessary or appropriate, in accordance with

generally accepted sound accounting practices and principles, for the purpose of determining all capital expenditures, expenses and revenues properly allowable to the Airport for each fiscal year.

At least twenty (20) days before any concession arrangement is entered into between City and any concessionaire with respect to the use of any space or facilities at the Airport, City shall advise the Airlines Representative of the proposed concession arrangement and furnish to such Representative, and any persons designated by him, all relevant information concerning such proposed concession arrangement. The Commissioner of Aviation shall give due consideration to any suggestions made by such Representative, or any persons designated by him, with respect to such proposed concession arrangement.

City agrees that it will not, during the term of this Agreement, either lease or otherwise permit the use of any space, area or facility in any terminal building or otherwise upon the Airport, by way of a concession or otherwise, to any individual, partnership or corporation engaged in business as a travel agent or travel bureau for the purpose of selling, furnishing or delivering tickets available from any Airline Party for transportation by air.

Article XII

City may terminate this Agreement by giving Airline sixty (60) days advance notice upon or after the happening and during the continuance of any one of the following events:

(a) The filing by Airline of a voluntary petition in bankruptcy. In such event, City shall have the right to file a claim as a creditor and the amounts due and to become due, under the terms of this Agreement, shall be accelerated and become due and payable.

(b) The institution of proceedings in bankruptcy against Airline and the final adjudication of Airline as a bankrupt pursuant to such proceedings.

(c) The taking by a court of competent jurisdiction for a period of sixty (60) days of all or substantially all of Airline's assets pursuant to proceedings brought under the provisions of any Federal reorganization act.

Now, Therefore, for and in consideration of the premises (which are incorporated into the body of this agreement as fully as if they were set forth therein) and of the mutual covenants and agreements herein contained, and other valuable considerations, the parties hereto covenant and agree as follows:

Article I

The foregoing shall not preclude City or its concessionaires from making and collecting a charge for the use of automobile parking areas or sightseeing facilities, or for the use of ground transportation to or from the Airport furnished by City or its concessionaires, or for the furnishing or sale by City or its concessionaires to the public at the Airport of services, insurance, food and merchandise, or preclude City from imposing any tax, permit or license fee not inconsistent with the rights and privileges granted to Airline hereunder.

Airline shall have the right to purchase or otherwise obtain property and services of any nature from any suppliers of its choice.

Section 1.06. *Conduct of operations for other Airline Parties.* Any space leased to Airline under this Article I may also be used by Airline on behalf of or in conjunction with any other Airline Party or Parties in connection with the conduct of air transportation by such other Airline Party or Parties, to the same extent as Airline is entitled to use such space in its own behalf in connection with its conduct of air transportation, and in such case the rights and privileges granted hereunder to Airline, its employees, agents, passengers, guests, patrons and invitees, and its or their suppliers of materials and furnishers of service shall, to the same extent, be granted to such other Airline Party's or Parties' employees, agents, passengers, guests, patrons and invitees, and its or their suppliers of materials and furnishers of service; provided, however, no such use shall be permitted without the consent of the Commissioner of Aviation if such use involves payment to Airline by any such other Airline Party of an amount greater than Airline's estimated expenses with respect to the space, facilities and services used by or furnished to such other Airline Party.

Airline may further lease or sublease any space leased to Airline under this Article I to other Airline Party or Parties only for the uses and upon the terms herein set forth and provided that in each instance approval of the City Council be first obtained.

The payment of the foregoing rentals shall be made at the office of the City Comptroller of City.

Article IV

Section 4.03. *Performance by City upon failure of Airline to maintain.* In the event Airline fails to perform for a period of thirty (30) days after notice from City so to do, any obligation required by this Article V to be performed by Airline, City may enter the premises involved (without such entering causing or constituting a termination of this agreement or an interference with the possession of said premises by Airline) and do all things necessary to perform such obligation, charging to Airline the cost and expense thereof and Airline agrees to pay City such charge in addition to any other amounts payable by Airline hereunder; provided, however, that if Airline's failure to perform any such obligation endangers the safety of the public or of employees of City, and City so states in its notice to Airline, City may perform such obligation of Airline at any time after the giving of such notice and charge to Airline, and Airline shall pay, as aforesaid, the cost and expense of such performance.

Plans and specifications of all proposed construction improvements or installations shall be subject to prior approval in writing of the Commissioner of Aviation and any other responsible City Agency.

During the period of construction, all construction work, workmanship, and materials and installation involved or incidental to the improvement of the demised premises shall be subject at all times to inspection by Landlord.

Tenant shall cause all construction work, workmanship, materials and installations to be in full compliance with plans and specifications.

All rights and privileges herein granted and the structural improvements and installations authorized hereunder shall be subject to the procurement by Tenant of all requisite building or construction licenses or permits required by law and ordinance of the City of Chicago and to the payment of all license fees, permit fees and water rates that may be levied or assessed, applicable to Tenant's occupancy and operations.

Tenant shall have an option during the first two (2) years of the initial term of this agreement to lease any or all of the areas designated on Exhibit A:3 of 3, as areas 1, 2, 3, 4, 5 and 6 at the rate of fifteen cents (15¢) per square foot per year, with any necessary surveys needed to determine the exact size and location of any area or areas to be rented to be supplied by the Tenant.

2. *Purpose*

It is understood and agreed by Tenant that the demised premises will be used, a) for the storage and sale of new and used aircraft, either purchased by or consigned to Tenant, b) for the performance of presale cleanup and repairs including the sale of parts and accessories, and c) for after sale warranty and maintenance services on own aircraft, and for no other purpose or purposes whatsoever.

3. *Term*

The initial term of this agreement shall be for a period commencing on ....., the date of approval of authorizing ordinance by the City Council, and terminating on December 31, 1980, unless the premises are required for airport development purposes other than rental to another airport tenant serving the general aviation sector prior to the expiration of this agreement. Upon the occurrence of such an event, it is understood and agreed that the Landlord shall give Tenant a written notice ninety (90) days in advance. Tenant shall also be entitled to cancel this agreement by a ninety (90) day written cancellation notice to Landlord.

Tenant shall have an option to renew this agreement for an additional two (2) years, by a written declaration of its intention so to renew, delivered to the Commissioner of Aviation six (6) months in advance of the initial termination date. Tenant shall have a second option to renew this agreement for an additional five (5) year period, by a similar written declaration delivered six (6) months in advance of the termination of the first option period, and provided, in either case, that the City has a valid lease to the land upon which Midway Airport is located for at least the same extended period or periods.

Within three (3) months of exercising the second option hereinabove mentioned any land rental and percentage fees payable under this agreement must be renegotiated and any changes agreed upon must be amended into the agreement to become effective January 1, 1983.

4. *Rental and Percentage Fees*

Tenant shall pay to Landlord as rent for the demised premises the sum of Ten Thousand Five Hundred and No/100 Dollars ($10,500.00) per year, payable in advance, in equal monthly installments of Eight Hundred Seventy-five and no/100 Dollars ($875.00).

In addition to the foregoing, Tenant shall pay Landlord one-fifth of one percent (1/5 of 1%) of its gross receipts from the sale of aircraft and the following percentages from the activities specified under special condition No. 2 above, sections b) and c):

> five percent (5%) of gross receipts on the first $100,000
>
> seven and a half percent (7½%) of gross receipts on the second $100,000
>
> ten percent (10%) of the gross receipts on all over $200,000.

The term "gross receipts", as used herein, shall be construed to mean, for all purposes hereof, the aggregate amount of all aircraft sales and all parts and service sales transactions made on, in, or from the demised premises for cash, or credit, or otherwise, of every kind, name and nature, regardless of when or whether or not paid, excepting from the determination of said amount, any and all taxes or fees collected by Tenant on behalf of any governmental body or taxing agency or the City of Chicago.

Payments to Landlord of its share of gross receipts shall be made by Tenant at the office of the City Comptroller, Room 501, City Hall, Chicago, Illinois 60602, on or before the 15th day of the month succeeding each calendar month of the term, or portion thereof, for its operation of the preceding month.

Tenant shall furnish to Landlord, on or before the 15th day following the last day of each calendar month during the term of this agreement, in such manner as Comptroller may prescribe, a statement of the gross receipts from the preceding month, or portion thereof, showing Tenant's gross receipts for said month and cumulatively for the lease inclusive of said month.

Within thirty (30) days after the end of each lease year of this agreement, or fractional part of a lease year ending in termination, Tenant shall furnish to Landlord a statement prepared by a Certified Public Accountant, and attested to by Tenant, covering all aircraft sales, and all parts and service sales transacted by Tenant in connection with its operation hereunder and showing the gross receipts of Tenant from the operation of its business hereunder. Tenant shall, upon reasonable request, furnish such other and further financial or statistical reports, dealing with its business hereunder, as Landlord may, from time to time require.

"Lease year", as used herein shall mean a full year. The first lease year shall commence on the first day of the term hereof. Each succeeding and consecutive lease year shall begin on the anniversary of said day.

Tenant will provide this annual "Statement of Sales and Rents" representing sales and rents by month for the period being reported on together with an opinion thereon of an independent certified public accountant. The Tenant must inform the Landlord of the identity of the independent certified public accountant prior to the close of the lease year and such independent certified public accountant must be acceptable to the Lessor.

The following is an example of an opinion which would satisfy these requirements:

"We, a firm of independent certified public accountants, have examined the accompanying statement of sales and rents reported to the City of Chicago by X Company for the year ended .... relating to aircraft sales, aircraft parts and service sales operations at Chicago Midway Airport pursuant to a lease between the City of Chicago and X Company dated ..... In our opinion, the accompanying statement of sales and rents showing gross sales of .... and total rents of ..... presents fairly the amount of gross sales and rentals, as defined in the lease, for the year ended ...."

If the opinion of the independent certified public accountant is qualified or conditional in any manner, the City Comptroller has the right to cause an audit to be performed at Tenant's expense.

5. *Records*

Tenant agrees to record all fees and charges in accordance with accounting practices as may be directed with respect thereto by the Comptroller, which records shall be preserved by the Tenant and made available to Landlord upon demand.

Upon request from the Comptroller, such books of account and records shall be made available to the Comptroller at a convenient location within the City of Chicago, Illinois.

b) Permit in ordinary business hours during the term of this agreement, and for any period thereafter during which such records shall be maintained in accordance with subparagraph 5 (a) hereof, the examination and audit by the officers, employees, and representatives of Landlord of such records and books of account.

6. *Fire Insurance*

Landlord shall keep in force during the term of this agreement, and bill Tenant annually therefor, a policy of insurance covering Fire and Extended Coverage, Malicious Mischief and Vandalism for the building only. Tenant shall obtain its own insurance coverage for its property contained within the said building.

7. *Performance Bond*

At the time of the execution hereof, Tenant shall execute and deliver to the Comptroller a Performance Bond in the amount of Six Thousand and No/100 Dollars ($6,000.00), in a form approved by the Comptroller, which bond shall guarantee faithful performance of the provisions of the contract.

Tenant covenants not to assign, transfer, nor to sublet, license or permit the use of the premises or any part thereof, except to a wholly owned, affiliated or subsidiary company, without the consent in writing of the Commissioner of Aviation and the City Council first had and obtained, nor permit any transfer by operation of law of its interest created thereby.

Any such assignment, transfer, sublease, license or permission when and if approved shall be in writing and promptly upon execution thereof, Tenant shall furnish two (2) copies to Landlord for its files.

SPONSOR ASSURANCES

17. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights. Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

18. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided; That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

19. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

20. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

21. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

22. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

DEPARTMENT OF TRANSPORTATION - FEDERAL AVIATION ADMINISTRATION OMB NO. 04-R0209

23. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

24. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

25. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

26. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

27. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

28. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

29. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

30. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

31. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

32. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

33. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

The term "gross receipts", as used herein, shall be construed to mean, for all purposes hereof, the aggregate amount of all fees or charges for aerial sight-seeing service transactions made on, in, or from the demised premises for cash, or credit, or otherwise, of every kind, name and nature, regardless of when or whether or not paid, excepting from the determination of said amount, any and all taxes or fees collected by Tenant on behalf of any governmental body or taxing agency or the City of Chicago.

a. It is understood and agreed that Tenant shall not, without prior approval of Landlord, operate a scheduled air transportation business from either Chicago-O'Hare International Airport or Chicago-Midway Airport.

b. It is further understood that it is not the intent of Landlord to make available any area at Merrill C. Meigs Field to any agency for installation of electronic navigational facilities intended for use in routine Instrument Flight Rule (IFR) operations, it being the primary function of said airport to provide for Visual Flight Rule (VFR) operations.

c. It is understood and agreed that all sight-seeing flights will start and end at Merrill C. Meigs Field and remain within a twenty-five (25) mile radius of Meigs Field. All flights will be operated within Federal Aviation Administration regulations and Meigs Field traffic pattern and control regulations. It is further understood that flights will not be operated in conflict with airways or approach corridors to either Chicago-O'Hare International Airport or Chicago-Midway Airport.

d. The designation of a specific area or areas for the parking of aircraft used by Tenant shall be at the discretion of the Airport Manager at Merrill C. Meigs Field.

Information and Regulations

ChicagoFest '78

The festival will run from August 4 to August 13, with the gates open from noon until midnight every day. Exhibitors are, however, required to have their booths fully operational until the final closing announcements are made each day.

Construction of all booths must be completed by 6:00 P.M., Thursday, August 3, with the exception of signs and other minor decorations. No vehicles will be permitted on the festival grounds from noon until closing.

Ten-day passes will be provided for each booth. These will be issued once, on July 14. No other passes will be issued to any Market Place exhibitor for any reason, nor will lost or stolen passes be replaced. All passes will carry the name of the exhibitor and are not transferable. All passes must be worn at all times while on the ChicagoFest grounds.

Physical Environment

The Market Place booth spaces will be identical in each; namely a 20′ by 20′ unobstructed area. A diagram of the Market Place areas, indictaing booth locations, is attached.

An electrical outlet will be provided for each booth. The Building Inspectors' office has informed us that service will be disconnected to those exhibitors using adaptors which allow several plugs to be plugged into one outlet. That practice is an electrical hazard, and ChicagoFest will assist the Buidling Inspectors' office in vigorously enforcing the regulation.

Each exhibitor must provide all tables, chairs, display counters, etc., for his or her booth. All displays must be free-standing, no attachments of any kind may be made to the Market Place structure.

Security

ChicagoFest will provide 24-hour security for the entire Festival grounds. In addition, two full-time guards will be on duty in the Market Place area overnight, and the area will also be checked regularly during the show hours by ChicagoFest security and by members of the Chicago Police Department on their regular rounds. However, ChicagoFest is not liable for any loss that an exhibitor may incur. It is entirely up to the individual exhibitor to determine if all or a portion of his or her stock is left in the booth unattended.

Insurance

Each exhibitor must provide public liability insurance in the minimum amounts as follows: $1,000,000 per occurrence and $100,000 property coverage for product liability. A certificate of insurance, naming the City of Chicago, the Public Building Commission of Chicago, Festivals Inc. and their officers, employees and agents as additional insureds, and containing a ten-day notice of cancellation requirement, must be on file in the ChicagoFest office by July 13.

Additional Information

Individual advertising for an exhibitor's goods may be distributed only in the exhibitors booth.

No food preparation, or cooking is allowed on the ChicagoFest grounds.

ChicagoFest reserves the right to search any vehicle entering or leaving the ChicagoFest grounds.

That the Commissioner of Public Works is hereby authorized to accept, upon the approval of the Corporation Counsel as to form and legality, a Right-of-Entry Agreement with the Illinois Central Gulf Railroad permitting the City to enter upon certain lands to perform preliminary construction work for the Columbus Drive Viaduct, said Agreement to be substantially in the following form:

This Agreement made and entered into as of the .... day of June, 1978, between Illinois Central Gulf Railroad Company (hereinafter referred to as Railroad) and the City of Chicago (hereinafter referred to as City).

WITNESSETH:

Whereas, Railroad owns the parcel of property in Chicago, Illinois, described on Exhibit "A" attached hereto and made a part hereof which the City desires to acquire for the construction of an extension to Columbus Drive; and

Whereas, Railroad is agreeable to conveying to City the parcel property described on Exhibit "A", subject to the reservation of an easement for railroad purposes on and across the portion of said parcel which is described on Exhibit "B" attached hereto and made a part hereof; and

Whereas, City's acquisition of the parcel described on Exhibit "A" will be delayed while the City is making arrangements for funding the purchase price and the City desires to commence preliminary work on the parcel; and

Whereas, Railroad is agreeable to granting City license and permission to enter upon the parcel of property described on Exhibit "A" for the period of construction of the Columbus Drive extension which is estimated to be one (1) year from the date of letting of a construction contract or until the sale of such parcel is concluded and Railroad desires to formalize agreements between Railroad and City relative to performance of work by Railroad involving railroad facilities and operations on the property described on Exhibit "B" in connection with the work to be performed by the City on such property.

Now, Therefore, it is agreed as follows:

1. Railroad hereby grants to City license and permission, at the Licensee's sole cost, risk and expense, to enter the property described on Exhibit "A" for the purpose of performing preliminary work for the construction of an extension of Columbus Drive.

2. City shall not enter the Railroad's premises for the purpose as set forth above without having first given the Railroad's Division Superintendent or his authorized representative at least three (3) days advance notice of the date the City plans to commence the work.

Railroad shall have the right, but not the duty, to require City to furnish detailed plans prior to entry upon the said premises and to view and inspect any activity of work on Railroad's property. If in the sole opinion of the authorized representative of the Railroad any said activity or work is undesirable for any reason, Railroad shall have the right to terminate this agreement and City's license and permission at once.

Railroad shall have the right, but not the duty, to restrict Licensee's City's activity on the property described on Exhibit "A" and after conveyance of said property on the portion described on Exhibit "B", in any way that Railroad may, in its sole opinion, deem necessary from time to time and shall also have the right, but not the duty, to require City to adopt and take any safety precautions that Railroad may, in its sole opinion, deem necessary from time to time. No work shall be performed or equipment located within twelve feet (12') of the center line of the nearest railroad track.

3. The Railroad may, at the City's sole cost and expense, furnish whatever protective services it considers necessary, including, but not limited to flagmen, watchmen and inspectors. Such right shall continue as to work on the property described on Exhibit "B" for so long as Railroad conducts railroad operations on said property.

4. As a consideration and as a condition, without which this license would not have been granted, City agrees to indemnify the Railroad in accordance with the terms of "Exhibit "C"—Indemnity" attached hereto and made a part hereof.

5. City shall require its contractor to furnish Railroad with a policy or policies of insurance naming Railroad as an insured party and covering liability for personal injury (including death) and property damage resulting from work performed on the property described on Exhibit "A" and the property described on Exhibit "B". The minimum limits of such insurance shall be $5,000,000 as to personal injury and $3,000,000 as to property damage. Such policies must be approved by Railroad before commencement of work.

6. Railroad's exercise or failure to exercise any rights under this agreement shall not relieve City of any responsibility under this agreement, including, but not limited to, the obligation to indemnify Railroad as herein provided.

7. If in Railroad's reasonable opinion, the work by City requires an adjustment of any of Railroad's facilities, Railroad shall have the right to perform such adjustments and City agrees to reimburse the actual cost thereof, including Railroad's customary additives to cover overhead and indirect costs. Railroad's right under this section shall continue as to facilities located on the property described on Exhibit "B" for so long as Railroad conducts railroad operations on said property.

8. If City has not purchased the property described on Exhibit "A" by May 1, 1979, Railroad shall have the right to terminate the license and permission to occupy and use said property at any time thereafter, by giving advance notice to City. If Railroad elects to so terminate the license, City shall promptly remove all of its property leaving the premises in a neat and safe condition, all at no expense to Railroad.

In Witness Whereof, the parties have signed this Agreement as of the date first above written.

Now, Therefore, for and in consideration of the sum of Eight Hundred and Thirty Dollars ($830.00), and other good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged and of the covenants hereinafter to be kept and performed by the City, the Railroad Company does hereby give and grant to the City permission and authority to install, maintain and use, construct, reconstruct, repair, operate or remove a 6' 6" diameter sewer under and through the following described property:

Before the commencement of any work, copies of the plans and specifications are to be filed by the City with the Railroad Company.
3. The City will give to the Chief Engineer of the Railroad Company at least ten days notice in writing before entering upon the property of the Railroad Company for the construction or installation of said sewer, or any repair thereto. The Railroad Company reserves the right to judge as to the necessity of repairs in any part of said sewer where the same crosses the property of the Railroad Company and to require the City to make such repairs upon ten days notice in writing. In such case the City may enter upon the said property without the ten days notice above referred to and shall proceed forthwith to make such repairs and upon failure to do so within ten days the Railroad Company shall have the right to make said repairs and collect the entire cost thereof from the City. The Railroad Company reserves the right if, in their opinion, the safety of their tracks and property demands it to make emergency repairs to said sewer without notice to City and to collect the entire cost thereof from it as hereinafter provided.
4. City at its sole cost and expense shall construct or cause to be constructed and completed in a good and workmanlike manner said sewer in accordance with the plans and specifications referred to hereinabove. The aforesaid plans and specifications may be modified only upon the written approval of the Commissioner of Public Works of City and of the Chief Engineer of the Railroad Company.
5. Tunnel shafts for access to the sewer construction shall not be located within the aforesaid described tract of land.
6. The Chief Engineer of the Railroad Company shall have the right to inspect the construction of the sewer as it progresses upon, under and through the above described real estate, and if in the opinion of said Chief Engineer the method adopted by the City is not satisfactory, such method shall be the subject of adjustment between said Chief Engineer and Commissioner of Public Works of City.
7. The City shall assume and bear all cost of protection including watchmen, flagmen and protective devices which the Chief Engineer of the Railroad Company may deem necessary to safeguard the continuous operations of trains, tracks, signals, telegraph and telephone wires and poles, and other facilities and fixtures of the Railroad Company during the construction, reconstruction, repair, maintenance, operation and removal of the sewer and City shall restore at its own risk and expense any property which may be disturbed during said work to the same conditions as near as may be as the same existed before the beginning of any work.
8. Whenever at any time during the term of this grant it is deemed necessary in the opinion of the Chief Engineer of the Railroad Company to support the tracks, automatic signals, telegraph and telephone wires and poles or the property and structures, restore the grade of the same caused by settlement or subsidence, move or raise automatic signals, or raise telephone or telegraph wires and other property, and repair any damage to the same by reason of the construction, reconstruction, repair, maintenance, operation, existence or removal of the sewer, the Railroad Company shall have the right to perform any work required in a reasonable and economical manner and furnish supervision therefore, and the City shall pay the entire cost thereof plus ten per cent (10%) of the cost of labor and fifteen per cent (15%) of the cost of material. The cost of labor shall include Social Security both State and Federal, and Railroad Retirement Act, and vacation with pay, fringe benefits, the cost of insurance when such can be shown to have been paid, the cost of watchmen, flagmen and the engineering and inspection service required in the field. The rental cost of any large or special equipment, including work train, pile driver, derrick or other similar appliances used in said work shall be billed at the standard rate of rental fixed by the Railroad Company for such equipment in the Chicago territory. The above percentages to be added shall cover the cost of superintendence, accounting use of tools and small equipment and overhead expenses.
9. City shall require its contractors to furnish bond by a responsible surety company guaranteeing the satisfactory completion of the work. City or its contractor are to furnish the Railway Company Protective Public Liability and Property Damage Insurance in the following amounts:

The original or a certified copy of such insurance policies shall be delivered to the Railroad Company before commencement of the work.

10. City agrees that, upon completion of its construction work on the premises described above, to leave a finished grade on said area at the same grade as it was at the beginning of the work, and to remove and dispose of all excess earth.

11. The Railroad Company reserves the right to connect to said sewer under the rules and regulations of the Bureau of Sewers of the City of Chicago.

12. The City assumes and agrees to pay for all loss, damage, injury or death, including costs and expenses incident thereto caused to any person or to the property of any person by or during construction or installation of said sewer or by the maintenance, repair or renewal thereof, or by its presence or use upon the property of the Railroad Company, or its removal therefrom, or caused by any defect in or failure of said sewer, and the City further assumes all loss and damage to said sewer even though operation by said Railroad Company may have caused or contributed thereto, and the City shall forever indemnify the Railroad Company, its agents, employees, lessees, licensees, successors or assigns and each of them against and save them harmless for all liability for any loss, damage, injury or death.

In case any suit shall be brought against the Railroad Company on account of any such loss, damage, injury or death, the City agrees at its own expense to assume the defense thereof and to pay any and all judgments recovered against the Railroad Company, or costs incurred by it on account of any such suit, provided, however, that in case any suit be brought against the Railroad Company for any such loss the Railroad Company shall give notice in writing of such suit and of such service to the Mayor or City Clerk of the City of Chicago for the purpose of enabling such defense to be made by City.

The City further agrees that no Special Tax or assessment under the provisions of "An Act Concerning Local Improvements" and Section 84 of the Cities and Villages Act or any other Act will be levied against said Railroad Company to defray any part of the cost of the sewer herein.

13. The permission and authority herein granted shall continue in full force and effect so long as the City shall use said sewer system in which the aforesaid sewer is a part. Upon the discontinuance of the use of the said sewer the City at its own cost, risk and expense shall remove the same from the property of the Railroad Company subject to the approval of and satisfaction of the Chief Engineer of the Railroad Company and in the event of its failure so to do within a reasonable time the Railroad Company may at their option remove the same at the cost and expense of the City, it being understood that all the terms and provisions of this agreement shall remain in effect until said sewer shall have been completely removed and the property of the Railroad Company shall have been restored to the condition existing prior to the installation of said sewer.

14. The authority hereby granted to City is not transferable.

In Witness Whereof, as of the day and year first above written, the parties hereto have caused these presents to be executed in triplicate by their duly authorized officers and to be duly attested and their corporate seals to be hereunto affixed.
